Synopsis

Discover the secrets of the Old and New Testament in this amazing book. This beginner guide includes a detailed description of the Bible and how to apply its teachings to your everyday life. In this book, we hope to help you connect with God on a more personal level by enhancing your knowledge of the Bible, scriptures, prayer, and worship. Learn the history of the origin and composition of the Bible, how the Bible was formed, and what the great influences of the times were that propagated change. View a short synopsis of the Old and New Testament, and 10 scripture stories that are necessary for the understanding of Christianity. We have listed the chapters and books of the Bible chronologically, so that if someone wanted to study the Bible in order according to when it was lived, instead of when it has been listed in the table of contents of the Holy Bible, there is the opportunity to do so. Studying the Bible chronologically can help one make sense of the ever changing tableau when reading Kings and Chronicles. You will learn differing methods of Bible study, and proposed memorization of scripture. We have recommended tried and true methods for adult learning of scriptures. There is also a section on the importance of prayer and corporate worship. There are suggestions for a typical prayer and how to look for a home church or fellowship. Included is an index of helpful scriptures to reference in times of personal trials and tribulations. Memorizing these scriptures can offer a great comfort to one who is worried or at the end of their rope.

Customer Reviews

I like the historical perspective provided, but I was looking for more of a scripture by scripture type of account. That's not how this book is handled. More of summaries.

Not what I expected. I expected a more in depth history of the bible and not necessarily the stories, but where they came from.

Great read.

Love it

Not as detailed as I thought it would be. Glosses over the topics too quickly. I found the "slang" offensive. Perhaps a younger reader was the target audience.

A good basic easy to read guide to begin with. I read it over time and now will reread it for better understanding.

Not what I thought

speedy delivery and easy to read....
