# Thai Slow Cooker Cookbook: Classic Thai Favorites Made Simple

## Synopsis

All Your Thai Favorites at the Push of a Button – Want to make a classic Thai curry without having to keep a watchful eye? Are you looking for a simple way to create restaurant favorites like Pad Thai in your own kitchen? With the Thai Slow Cooker Cookbook, you can enjoy fresh and flavorful Thai dishes at home with the convenience of your slow cooker. – Why slow cook? Slow cooking consolidates steps, takes out the guesswork and infuses dishes with flavor--no need to wait a day or two for the dish to rest. – Got the goods? Stock your pantry the Thai way with a list of essential ingredients and shopping tips for hard-to-find ingredients. – Short on time? All the slow cooker recipes in this book prep in 20 minutes or less. – Craving Thai sides? Supplement your slow-cooked meals with recipes for classic Thai sides, like papaya salad, chicken satay, and curry puffs. – Dietary restrictions? With a mix of dishes great for omnivores and vegetarians alike, labels also indicate if a recipe is soy-free and/or nut-free. – Today's busy world can make getting a healthy and satisfying meal on the table a challenge. Skip the wait for takeout and come home to wholesome Thai food, cooked by you, for you. – Recipes include: Curried Kabocha Coconut Soup, Thai Sticky Wings, Massaman Sweet Potato and Tofu Curry, Chicken Red Curry, and Sweet Pork

## Customer Reviews

ROCKRIDGE PRESS is a trusted voice in health and diet publishing a wide variety of lifestyle guides and cookbooks, including The New York Times best seller Paleo for Beginners, The Wicked Good Ketogenic Diet Cookbook, The Mediterranean Diet Plan and the Instant Pot Electric Pressure

Cooker Cookbook. Our authors take pride in publishing thoughtful, well-researched books that help readers make positive lifestyle changes and build permanent healthy habits. Headquartered in Berkeley, California, Rockridge Press is situated in the heart of one of the healthiest regions in the world, the San Francisco Bay Area.

I've only tried one recipe from this book, Curried Kabocha Coconut Soup (didn't have access to kabocha so I used acorn squash). I personally didn't fall head over heels for it, but the folks that did said that it reminded them of lobster bisque. I will make it again, but I will cut down the 3/4 cup of dried shrimp to 1/4, was just a little fishy for my taste. The gal that owns the local Asian market flipped through the book and thought all the recipes looked solid. Can't wait to try another one! Something to think of before buying this book...do you have access to the ingredients? I've made a list of some of the more difficult items that you will need (we found all of them at our very small Asian market and most are only needed if you are going to make your own curries). Lemongrass stalks Galangal (we found frozen) Shrimp Paste Dried Shrimp Turmeric root Thai Basil Palm Sugar Tamarind (Paste or Water) Fish Sauce Hope this helps.

I do not know much about cooking Thai food, only that the finished product is amazing! So when I got the opportunity to receive this ebook for free in exchange for an honest and unbiased review, I took it. Slow cookers are easy, and I never thought of cooking Thai food in one, but this book has changed that. All opinions are my own, and no one has given me any instruction. This is the perfect book for any beginner. It is very detailed, and thorough. The introduction gives a very good description of the history of Thai food, the culture, and puts your mind at ease if you think Thai food is not something you can make at home. It goes over the various types of Thai foods. There is also a Do and Do Not section for your slow cooker. Next is the breakdown of the ingredients. This is extremely helpful for anyone who isn't familiar with all of the components used in Thai cooking. It also gives tips on where to find the products, and things that can be used as substitutions if you cannot find some things. Chilies are a common ingredient used in Thai cooking, so this book also has a section on the different types. It is very detailed. Fish Sauce is also covered. Next there is a section that goes over the different types of kitchen tools used in Thai cooking, basic, essential, and specialized. I found this to be really unique and helpful because after starting with the slow cooker, you could easily use all of these sections as a reference. The recipes are easy to follow, simple, detailed in their steps. There are a wide variety of recipes in this book. It even offers cooking tips! At the top of every recipe it gives you the name in English, and then in Thai. It also says if the recipes

are soy or nut free. The level of preparation. A description of the dish, how many it serves, and prep/cook times. Overall, I think this is a great book. It gives you everything you need to confidently cook Thai food! It also helps you understand the culture, and ingredients.

This e-book has everything you need to make Thai food in a slow cooker. First it starts with a history about Thailand and their dishes, then it teaches the dos and don'ts about how to use your slow cooker correctly. This e-book teaches you the basic ingredients to Thai cooking. It has so many recipes, some recipes are gluten and nut free, each recipe is very detailed; it tells you the number of servings and the prep time. This e-book is perfect for you if you love Thai food and don't have enough time to prepare it, just put all the ingredients into the slow cooker and turn it on. I really enjoyed reading this book. I received this e-book for free in exchange for my honest review, all my opinions are mine.

I am loving the Thai slow cooker cookbook! The photos in this cookbook make the recipes even more intriguing! This Thai cookbook has everything you need to make delicious Thai dishes right in your slow cooker! It has soups, noodles, rice, vegetable, chicken, and other meat recipes. With this amazing cookbook everyone will find several recipes they would love! Personally, I have a love for slow cookers and this just helps out our menu; it brings more to the table than what I normally throw into the crock pot. This cookbook is great for ANYONE who loves slow cooker cooking with a little Thai twist! I received this product at a discount in exchange for my honest review.

What I enjoyed most about this book was that it was easy to follow. The recipes are laid out well, very descriptive and worded so that any cook at any level can make them. There are recipes in here that someone easing into Thai meals can start out with, up to very intense Thai dishes that may require a little getting used to. Also included is a conversion table, which can help a lot. I received this Kindle book at no charge in exchange for my honest opinion, and would overall recommend this cookbook to anyone who loves to use their slow cooker.

Found to be cumbersome and not easy to use.

Cooking directions are good but too many ingredients are hard to find in a neighborhood market. Tamarind water, tamarind paste, and the curries/chiles aren't described/defined. I know are much simpler Thai recipes to achieve great results without all the hard-to-find ingredients.

Really great recipes! If you like authentic Thai food rather than the Americanized version that most of us are used to then give this book a try. This book also gives you a lot of background on Thai food and the cooking techniques before the recipes even start. The recipes don't start til page 35. The only complaint that some might have is that there is no pictures with the recipes. Some people, myself included, like to have a picture to compare our cooking with when were done. I don't feel that that is worth knocking a star off for but it would make the book "complete" in my opinion. So Ill rate this book at 5 stars because I can't give it a 4.5
