Customer Reviews

Jon Gindick is the author of several blues harmonica instruction books which have sold close to 2 million copies. He runs Jon Gindick's Blues Harmonica Jam Camp in Clarksdale, Mississippi and is one of the best known harmonica player and teachers in the world.

If you need a teacher to encourage you and give you good advice, Jon Gindick is the one. Everyone of his books as well as this one is a gem written by a man with a good heart and imagination.

Out of the 3 people I've purchased similar products from, Jon is the best teacher and he makes it fun. Jon is just so good at breaking it down to small riffs, then before you know it, you are playing them and putting them together and they sound pretty good. I was playing acceptable stuff in just a few days and I was pretty much a raw beginner. Honestly I still am which is why, I am so sold on Jon and his teaching techniques, that I will be spending some serious money on one of his Jam

Camps in Mississippi this year. Keep up the amazing work Jon.

I am in the middle of this book and working at it . The Harp takes "MOUTH TIME" and the study or music part is direct and easy if you just don't over think it. But play, Play brother or you might as well just eat the watermelon. What a true enjoyment read along as you play along with the CD. STOP the CD and do it a dozen or so times until you have it. Then listen to the next bit as Jon walks us through the format. Best Book OUT there PERIOD.ANS

I have bought all the tapes, then CDs and this one Was The One that really was helpful and fun and grooving. It is the one to leave on in the car forever. Grab your C harp, plug in the CD, and just enjoy playing along.Got the first version of Jon Gindicks Country and Blues Harmonica for the Musically Hopeless in 1986, as a tape of course. learned the good morning riff and I was playing. 26 years later Im still listening to it now an again for its Good Vibes.Peace out! harp players

The book is good and easy to learn from. The CD doesn't add much. You can't follow along. He demonstrates but as a professional, not as a beginner would play. It's as if he wants to show off how good you can get if you just follow the book and practice. I don't see what others are raving about.

TOTAL LOVE!!! Easy Peasy. Fun!

I am trying to self teach myself how to play the harmonica. I bought this book going by the reviews and was not disappointed. I opened the book and within 5 minutes was playing my first song. Very well written so even people with no musical background or talent can learn from. Very impressed

This is the book I originally learned some harp from around 25 years ago. Bought it again when I found my interest in playing coming back and I gotta say this new version is even better. Thanks Jon Gindick!
