Susie Fishbein is a world-famous kosher cook and author. Her wildly successful *Kosher by Design* series has already sold over 450,000 copies worldwide and has led to hundreds of appearances by Susie from coast-to-coast and Canada. She has been the featured celebrity guest on cruise ships as well as at a week-long culinary adventure in the Galil in Israel. Profiled in the *New York Times* and on CNN, Susie has been named one of the 50 most influential Jews by the *Forward*. A media darling, she has been a guest on dozens of network TV and radio shows. Susie was featured at the Epcot International Food and Wine Festival at Disneyworld, and taught at the Degustibus cooking

school in NY. Susie was an honored guest at the White House in recognition of National Jewish Heritage Month. Just back from leading a culinary tour in Tuscany, Susie lives with her family in New Jersey.

I collect cookbooks, but whenever I need a surefire great meal and recipes that will deliver I turn to Susie Fishbein, and Cooking Coach may be the best of her stellar Kosher by Design series. The book is divided into classic sections such as meat, fish, soups, sides, etc. What makes this book special is that every section is introduced by a summary of helpful hints for that category of food. My favorite was the introduction to the meat section, which provides an encyclopedia of knowledge into four illustrated pages explaining each cut of meat, where it comes from, how it cooks and why. That succinct introduction is then followed by succulent recipes, with the same format and great food reflected in each of the other sections. Buy the book, enjoy the lessons and love the food!

Don't allow the title to fool you. This outstanding cookbook will enhance the techniques of cooks at all levels. Whether you're a new cook, just starting out and want to hone your skills, or already experienced, you will learn valuable information presented in simplicity and supported by beautiful photos. The recipes are a cinch to follow and the ingredients overall are appealing. My family is already addicted to the recipe on page 268, "Mushroom Arrabbiata Over Spaghetti Squash". Absolutely love this cookbook!!

I was super excited to get this since I own all the others and I can't wait to make everything from it(almost everything). I wish I could tell Susie personally how amazing her books are. It's not like others where you have to go out and get insane things to make one dish or buy a whole bottle of wine to use 2 tbs from it. She comes up with the best dishes that are easy and super tasty. I would defiantly recommend this one,it's just as good as the original one.Also I love that there's pictures for every recipe.

I keep "kosher style" but even if I didn't think about kosher at all I would love love her books! Heard her in Denver and she was completely delightful!!!!

love this book. already found a fish poaching recipe that i have used at least 5 times because its sooo good. love the education that she gives on multiple products!

New recipes, great photos, and cooking tips and tricks. What more could you ask for in a Susie Fishbein kosher cookbook. So glad I got it. Adds new dishes to my list of Kosher by Design/Entertains/Light/Short on Time selections!

Although I have been cooking for many years and have a whole shelf of cookbooks, I couldn't resist this one. The cooking tips are excellent and I can't wait to try the recipes.

Interesting recipes. I enjoy the coaching aspect of the book. Susie Fishbein 's cookbooks are always a learning experience, with many excellent recipes and entertaining ideas.
