Customer Reviews

This book has everything you need to know about speech control, dummies and hand puppets, and how to manipulate them, working up an act, and using patter and comedy routines. You will also get tips on the use of lighting, magic tricks, and sound effects. There is even a chapter on the use of ventriloquism in speech therapy. This book provides a complete coverage of the subject that will fully satisfy adults, while providing useful introductory methods and routines for youngsters.

One of the few books ever published on the subject. This book features over 100 pages of detailed (yet easy to follow) text, illustrations, photos and diagrams on the art/craft of ventriloquism. Great for beginners (of any age) and for those who already some intermediate skills in the craft.
