We'll Always Have Summer (The Summer I Turned Pretty Book 3)

Synopsis

Can Belly make a final choice between Jeremiah and Conrad? Find out in the conclusion of the New York Times bestselling *The Summer I Turned Pretty* trilogy. Belly has only ever been in love with two boys, both with the last name Fisher. And after being with Jeremiah for the last two years, she's almost positive he is her soul mate. Almost. While Conrad has not gotten over the mistake of letting Belly go, Jeremiah has always known that Belly is the girl for him. So when Belly and Jeremiah decide to make things forever, Conrad realizes that it's now or never to tell Belly he loves her, or lose her for good. Belly will have to confront her feelings for Jeremiah and Conrad and face the inevitable: She will have to break one of their hearts. This paperback edition features bonus content, including Conrad's letters to Belly and an excerpt of *Burn for Burn*, the upcoming new book from Jenny Han and Siobhan Vivian!

Customer Reviews

have just about 20 pages left to go. I liked it but it really is probably better suited to a younger

person than me. i'm 70 yrs. old BUT I do enjoy the books about young people and their trials and woes of life-----I can remember so well what it was like. I've read several jenny han novels and enjoyed every one.

Book 3 of 3Dual POVsHEABelly and her family go to Cousins every summer to stay with her mom's best friend and her 2 sons. Belly has always been in love with Conrad but Conrad doesn't make it easy on her. She is close to Jeremiah, they have their own form of ESP and relationship. Belly loves both of them.After Susannah's death, Belly gets falls in love with Jeremiah. They plan to be together forever. Belly struggles trying to plan her wedding without her mother's help. Conrad purposely keeps his distance from Belly and Jeremiah.

WOW!!! There really isn't anything negative to say about these books. I felt what the characters were feeling and I just could not put it down. I found myself getting frustrated with the way Belly would act but remembered her age and it put me back in check. If I had to point out a negative it would be that Jenny didn't reveal what was in the letters Susannah wrote to Conrad and Jeremiah, but that isn't even a negative it's just this girl being nosy! I loved all three books!! Will buy more books from this

author!

I didn't dislike anything in this book. That never really happens for me, even with my favorite books, so take that as a clue and HOLY S*** go read this book!(Yes, I'm still reeling from how awesome it was.)Belly, the Protagonist - Admittedly, when I first started the trilogy with The Summer I Turned Pretty, I thought Belly was rather childish... but that served a purpose. With the sequel, It's Not Summer Without You, she grew, and man, she was grown up here. I could finally relate to her in full -- well, except for the decisions she was having to make. All in all, I've loved seeing the way she's been developed as a character.The Other Characters - Where would the Summer series be without the admirable cast of characters? I used to dislike Conrad because I was (duh) siding with Belly and thought that he was such a jerk, but even Conrad gets a thumbs up from me. All the characters were just as wonderfully complex as before.The Romance - This book just proves that, despite the trends in recent YA novels, one does not need to meet a paranormal creature to have such great chemistry and memorable romance :).The Writing - One thing I have always loved about the Summer series was the writing. It's so simple, so fluid that you slip into Belly's world effortlessly. And if you're like me, you'll realize you haven't put the book down for one second--it's just that

good. The Beginning - Man, Jenny Han knew how to start with this one off. I'd say she didn't even need that first page--an excerpt from later--because those first chapters? Packed with tension. They were short and to the point, and I just couldn't wait to find out what was going to happen next. The Pacing - As I hinted at earlier, not once did I feel bored; the pacing was done really well, keeping me hooked without having annoying cliff-hangers at the end of every chapter. Synthesizing Time - One of the best parts of this series was Jenny Han's synthesis of time--past, present, and future. I loved the symbolism, loved all the memories and the things they revealed about the characters. Her memories never break up the story. The Setting - Cousins Beach is just as fitting for this novel as it had been for the others. It's amazing how much this one place could not only represent the time but also the characters, the tone, and the progression of the novel. Like the waves there are ready to pull you in ;) and never let you go. [-insertion of the cheesy metaphor-] The Idea - Because really? I don't know about you guys, but I don't generally enjoy love triangles. They always seem to bother me, but that's not the case here. I didn't have family friends like that as I grew up, but boy, Belly makes me wish I did. Perfect escapism. Fun, flirty, and complete. Beach book!

Review contains spoilers Out of all the series/trilogies that I have ever read so far, this trilogy is probably my least favorite. I have heard this trilogy was pretty popular so I thought I would give it a shot but in the end it left me pretty disappointed and bored. I didn't fall in love with the main character/s like I usually do. In the last book, I thought that Belly was stupid for forgiving Jeremiah so easily because of the mistake he made and accepting his proposal. I didn't feel like they were in love or mature enough to get married. Jeremiah seemed like a different person in the last book. I felt like he wasn't the same sweet and caring boy; instead he was somewhat of a jerk, immature, and a frat boy. It was in this book that I understood Conrad and started to take a liking to him. I'm actually glad that Belly didn't end up marrying Jeremiah and married Conrad in the future instead. Even if Conrad kept pushing Belly away, he was always the more mature and smarter one that Belly should end up with.
