Q&A A Day For Me: A 3-Year Journal For Teens

Synopsis

So much can happen in three years. The perfect gift for a teen, Q&A a Day for Me is a one-sentence diary that prompts any teen to record best friends, worst haircuts, favorite outfits, and embarrassing moments. Filled with 365 questions, one on each page for every day of the year, a teen has the space to write down a short response every year for three years. It's easy to get started – just turn to today's date and take a minute to answer the question at the top of the page. As the years pass, he or she will have a keepsake time capsule that shows how much his or her answers change (and which ones remain the same)!

I love this journal its really cute and I love the idea of answering questions every day for three years. I added some pictures for those who are curious how the pages look :-)

As usual I love these Q&A books from Potter Style. I'm not a teen, but I bought this one any way hoping for new imaginative questions. That being said, I don't see a problem with the questions I've read so far, I'd give it to a teenager of around 14 and older.

I love this book! So much! I keep it on my nightstand and write in in right before bed every night. I've never been good at journaling but this book is amazing I look forward to the questions and the space is limited so no room for going on and on! I think you should definitely give this a try especially if you're bad at journaling like me! You'd be surprised how much you look forward to it!

I want to start out by saying that I am a 30 year old mother and I thought this would be a fun way to keep track of my year, but little did I know that it was actually meant for teenagers. So I want to say to all the people my age that you can actually change some of the questions with just one word to make them your own. I HIGHLY recommend this book for teenagers and us 30 somethings.

I got this for myself, i like it a lot though wish there was more space to write for each day just in case you wanted to share more than just answering the given questions. such a cute gift and i purchased more for others.

Great idea. Wish I had one when I was growing up. Love the questions that are asked. Suggested to my granddaughter that she fill it in every other year instead of consecutive years. How fun this would be to reread as you grew older and discover how you felt about things as you were growing up.

At first appearance and skimming through the daily journal questions, this product seemed wonderful. However, there are about 10-15 questions that are not appropriate at all for young teens or even older teens for that matter! August 20th's question is, "My sexual activity is...". The writer and distributor of this book thinking this is a good question was very disturbing to me! My 13 yr old got a great laugh out of it, but it was not humorous to this mom at all! There were many other questions such as, "My sexual experience is..." "Do you identify with your gender?" Anyway, I just wanted to give other parents warning. The kids version has been very enjoyable for my younger child.

Good quality! Good for 3 years. For each questions you can compare your answers for three years, I think it's cool. Heavy journal, good value. I like the contents. Now teens are exposed to many things in the society, we don't need to hide everything from them. A few honest questions won't matter. I'm sure my daughter will enjoy this journal!
