Shibori Designs & Techniques

Synopsis

Mandy Southan takes the art of Shibori, in which fabric is bound, clamped or stitched before dyeing, and goes beyond the traditional blue and white to create fabrics in a fabulous array of colours, patterns and textures. Clear step by step photographs and instructions demonstrate how to use acid dyes and cold water reactive dyes in a variety of creative ways. Mandy then demonstrates shibori techniques such as binding, hand painting, capping, stitching, folding and clamping, pole winding and pole wrapping can be used to create truly wonderful dyed fabrics.

Book Information

Paperback: 96 pages

Publisher: Search Press (January 1, 2009)

Language: English

Customer Reviews

"Another stunning book from Search Press!"
"A superb techniques book that fully explores the wonderful art of shibori."
"A great book for those who love bold and exotic fabrics."
"Step-by-step color photography and instructions demonstrate how to use acid dyes and cold water reactive dyes and various techniques."
"Sew Today

Mandy Southan teaches art, silk painting, and design at Hastings College and is a founding member and chairperson of the Guild of Silk Painters. She is the author of *Beginner's Guide to Silk Painting and Painting Flowers on Silk*.

Just hosted an indigo dye party (Sip & Dip) with a few friends. This book was passed around several

times for new dying techniques. Using the wood squares and popsicle sticks from the indigo kit created new designs. Next year, we will have pvc pipe for even more wonderful Shibori creations!

Very useful and inspiring contents. It widened my knowledge of resist dyeing, and I enjoyed experimenting with techniques.

I was trying to figure out if learning Shibori was something that would interest me. In reading this book, I loved how the basics of a handful of Shibori techniques were taught in a wonderfully simple manner with stunning results. Would I buy it again, if I had a redo? I think so! It has definitely simplified learning some of the techniques of Shibori, and peaked my interest in learning some more, without overwhelming me with lots of pictures without instructions like another Shibori book I ordered at the same time.

Great ideas to make these. Love the info in this book

Love the project ideas!!

I was first drawn to Shibori from a book that jumped off the shelf at me in an art supply store a few years ago. I didn't know how I could actually learn to do them and circumstances were such that I didn't follow up on beginning, but deep down I knew I would eventually begin working with these techniques. This book has offered that opening - pictures aplenty with instructions under each. I'm visually oriented, and this helped alot! Her directions are primarily for the beginner, and have me wanting to advance. I'm glad I bought the book.

Love this book and the ideas!

I own 5 Shibori books all of which have their niche. THIS book is a workbook as well as a source of wonderful examples of shibori. VERY practical.
