Creating Ribbon Flowers

Synopsis

This book is a compilation of popular ribbon classes and includes instructions and diagrams for making the flowers at home. Featuring a variety of new designs and project ideas for using embellishments. The book was written so customers could make all the flowers and embellishments that featured throughout the year in Nicholas Kniel classes.

Customer Reviews

Nicholas Kniel has a Bachelor's degree in fashion design from American College and has previously designed couture evening and wedding gowns. He opened the Nicholas Kniel-Fine Ribbon & Embellishments boutique in 2000. His designs can be viewed at <http://nicholaskniel.com>. Timothy Wright creates the written directions for all of Nicholas Kniel's flower projects and teaches many of the classes.

The Oct 2005 version (reds against black cover), by comparison to this revision, is a copy of a personal work-book. The 2005 book has hand-sketches and a few personal tips. Most of the 2013 book text is identical. The edits have the tone of a thoughtful revision. The photography is brighter & updated, the page layout polished, and helpful step-by-step visuals such as adding a pin, stem or clip. Techniques such as crinkle, crimp, fray or pleat are pictured. The anemone, daffodil, fuschia and a couple lilies have disappeared and are replaced with idea inducing pictures. Both revisions are titled "flowers", however both contain the ambitious cockade and medallion. The 2005 version is

charming, but I will use the new book and prefer the current pictures & colors. This a use-able how to book, beautiful and affordable. The UK version features the cockade on the cover and is available through Nicholas' web site.

WOW! Just love this book. I need a lot of pictures,simple info.This is it!

Photography is fantastic! Great instructions for new creative flowers.

Beautiful pictures. I just have to find time to make them.

Cute little book. Great photos and instructions. My Mom was thrilled.

fantastic for crafting

happy with my purchase

Great
