# The Stanislavski System: The Professional Training Of An Actor; Second Revised Edition (Penguin Handbooks)

## Synopsis

This clearly written guide to the Stanislavski method has long been a favorite among students and teachers of acting. Now, in light of books and articles recently published in the Soviet Union, Sonia Moore has made revisions that include a new section on the subtext of a role. She provides detailed explanations of all the methods that actors in training have found indispensable for more than twenty years. Designed to create better actors, this guide will put individuals in touch with themselves and increase personal sensitivity as well.

## Book Information

Series: Penguin Handbooks

Paperback: 112 pages

Publisher: Penguin Books; 2 Rev Rep edition (October 2, 1984)

Language: English

ISBN-10: 0140466606

ISBN-13: 978-0140466607

Product Dimensions: 5 x 0.3 x 7.7 inches

Shipping Weight: 4 ounces (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 stars 25 customer reviews

## Customer Reviews

This was a book I bought to go with an Anton Chekhov play collection for an acting class. It is a good book, but due to previous experience some of the information was not new to me. For a total novice without any foundation, you will find this book helpful as a starting point. It is a small book and is easy to follow. I recommend this book for new aspiring actors to get their feet wet in the foundations of acting.

deep and insightful

This is the book I started with when really learning acting rather than going to it by "feel," rather than craft. Sonia Moore's text, though older now, is still as relevant as when first published. It breaks down the "System" - and oft maligned approach to acting - and demystifies it, giving it flesh and

bone that all actors must be when they are on stage or film: human: all too human.

Speechless. Science. Intuition. Conscious. Subconscious. Art. Truth. This man is a genius, I'm going to read this book again, bye.

Good

This book was very eye opening and inspiring for me. It has lit a consuming fire that will only be satisfied by digging deeper into this art we love so dearly.Keith

Excellent book.

I've already read stanislovskis books and I they are a bjt difficult to get to. I'm more of an inside to outside actress and I thought perhaps this book would have more INsight to stanislovskis work. It feels more like an intellectual regergation. One that would be better for acting teachers as they observe their students problems more than the students who are trying to learn how to be more specific and make the script truly come alive. But that's my opinion others tend to like this.
