Customer Reviews

A good book, though it sticks to the beaten tourist/backpacker track more than it should. In places like Vanua Balavu (which has three or four places to stay and lots to see), this book is sketchy. The writers have 'nice' things about places they obviously intend to visit again, but I got the feeling they were holding back on the criticism. They seem to have deliberately left out hotels they didn't like, probably because they felt those places were bad (dirty, dodgy, frequented by prostitutes, etc). I'd prefer to be allowed to make up my own mind, after reading their input, of course. Like all the other guides to Fiji, this book was written before the Speight coup and is out of date in that regard. It's also the most commonly used guide to Fiji, which means a lot of people trying to do the same thing. On its back cover, Lonely Planet Fiji claims to include 43 maps, but only 32 are named in their map list in the front of the book. What happened to the others?

I just went to Fiji for the month of Septembre 2000. I used the LP guide to Fiji and found it very useful in my travels around Viti Levu. I found the people to be warm and friendly and anxious to get back to normal after the political problems they had this summer. LP covers the basic do's and don'ts to the culture. And the insights to different areas through out Fiji are accurate and direct.

It was very helpful and easy to follow. Not having travelled to Fiji before. This book prepared me in so many ways, from accomodation to places to visit and also giving me some idea on how much money I should take there. I would have been totally lost without this book. I recommend that you get it if you're planning to visit Fiji.

I loved this book, and it came in handy for me. I just recently went to Fiji and this book covered what I needed to know for my trip. Fiji is a wonderful paradise, but you need to do your research before you go...and this is the book to do it with.

Get this guide if you're goin' 2 Fiji! If you're thinking of the Mamanucas go to Tokoriki!
