Korean History In Maps: From Prehistory To The Twenty-First Century

Synopsis

Korean History in Maps is a beautifully presented, full-color atlas covering all periods of Korean history from prehistoric times to the present day. It is the first atlas of its kind to be specifically designed for students in English-speaking countries. There is a map for each era in Korean history, showing every major kingdom or polity that existed on the Korean peninsula, and maps are also included for topics of additional historical interest, including each major war that took place. In addition, the atlas contains chronologies, lists of monarchs, and overviews of the politics, economy, society, and culture for each era which are complemented by numerous photos and full color images of artifacts, paintings, and architectural structures. This fascinating historical atlas is a complete reference work and unique teaching tool for all scholars and students of Korean and East Asian history.

Best Sellers Rank: #473,797 in Books (See Top 100 in Books) #208 in Books > History > Asia > Korea

Customer Reviews

"Michael Shin and his colleagues have done us an essential and estimable service with this beautiful, fascinating and illuminating work. The illustrations are superb, and when accompanied by the authors' excellent commentary and analysis, Korean History in Maps becomes not just an invaluable book, but a keepsake. It opens new, sparkling and indelible images and windows on the entire Korean experience from (Old) Joseon to the present. The paucity of similar books, at least in English, makes this a milestone in the literature on Korean history." Bruce Cumings, Gustavus F. and Ann M. Swift Distinguished Service Professor in History at the University of Chicago, and author of Korea's Place in the Sun: A Modern History "A visual feast of Korean history and culture, Korean History in Maps is more than a cartographic journey, but a panoramic overview of the development

of Korean civilization, full of lively images and helpful information. It will serve as a valuable reference source for classrooms at all levels." Kyung Moon Hwang, University of Southern California" This timely reference book is a great teaching tool ... [It] begins with overviews of society, economy, culture, and politics and a chronology of major events. It includes attractive full-color maps, tables, charts, and plates. Appendixes and supplementary illustrations include up-to-date and useful statistics ... the chronology includes compatible world history and political scenes during major events in Korean history. The book's sources are drawn from artifacts at the National Museum of Korea, the Kyujanggak Archives, [the] Dokdo Research Institute, the Seoul Museum of History, and the Library of Congress. Statistics are culled from the Bank of Korea and various academies in Korea and Europe. Photos of North Korea are from personal collections ... Any researcher or student - undergraduate or graduate - will benefit from this reference book. Summing up: essential." S. Freedman, Choice

A beautifully presented atlas covering all periods of Korean history. Detailed maps are complemented by chronologies, lists of monarchs, and overviews of the political, economic, social and cultural systems for each era discussed. Assorted full-color images of artifacts, paintings, and architectural structures complete this unique reference work.

Well-crafted maps accompanied by beautiful images and easy to follow text covering the entire history of the Korean Peninsula. I was looking for a book on the history of Korea for someone who knows only a limited amount on the subject. This book exceeded my expectations. Absolutely wonderful.

I ABSOLUTELY LOVE THIS BOOK! I am pleased that the explanation were very easy to understand and I enjoyed learning about Korea more and more. As I kept flipping the pages the more I was getting immersed into the history book! Normally I hate history but this book made is very fun to read and learn about at the same time. I still have a last few pages left to go but I love it very much! I totally recommend this!:)

Love the book and excellent service!

If there is an interest in Korea's history this is a valuable reference that helps bring life to the 3 Kingdoms period era through to post Korean War present.
