Everyday Chinese Cooking: Quick And Delicious Recipes From The Leeann Chin Restaurants

Synopsis

"There are too many exotic ingredients." . . . "What about all that preparation?" . . . "I don't want to buy special equipment." . . . Acclaimed restaurateur Leeann Chin and her daughter Katie have heard all the excuses before, and in response they present their collection of delicious, simple recipes that will make any cook feel like a gourmet Chinese chef. *Everyday Chinese Cooking* proves that the very best Chinese cooking can be achieved in a real home kitchen, by real people, on real schedules. As a young, time-strapped mother cooking for a family of eight on a limited budget -- and in her new home of Minnesota, half a world away from where she was raised -- Leeann Chin developed recipes that worked for her new lifestyle, without access to all the ingredients of her homeland and within the constraints of a very busy life. The results speak for themselves: quick, flavorful, accessible but authentic Chinese dishes that could make you consider opening up your own take-out restaurant. More than 150 recipes encompass appetizers, soups, poultry, beef, pork, seafood, vegetables, noodles, rice, and desserts. Introductions to each recipe provide completely usable information, such as ingredient substitutions, make-ahead tips, serving suggestions, and other ideas for real-life cooking and eating. *Everyday Chinese Cooking* is more than quick and easy food; it's also naturally healthful. Best of all, once you get a few recipes under your belt (in every sense of the word) you'll realize that Chinese cooking is truly one of the most convenient ways to get dinner on the table with the least amount of stress. Leeann Chin's incredibly successful restaurants have been voted "Best Chinese Food" by Minneapolis & St. Paul Magazine in the Minneapolis area for more than a dozen consecutive years. With the help of her daughter Katie, Leeann proves that Chinese food can -- and should -- be an everyday option for home cooks of all experience levels, everywhere.

LEEANN CHIN is an award-winning restaurateur, professional chef, caterer, and founder of Leeann Chin, Inc., which includes fifty-seven restaurants and take-out locations in the Minneapolis-St. Paul, Detroit, and Kansas City areas (with more new restaurants opening in these regions plus Des Moines and Wisconsin). She has been named Entrepreneur of the Year (1993) by the National Association of Women Business Owners. Leeann lives in Minneapolis. KATIE CHIN, Leeann's daughter, is an entertainment industry marketing executive, writer, and board member of Leeann

Chin, Inc. She is currently senior vice president of worldwide promotions for Twentieth Century Fox Licensing and Merchandising and lives in Los Angeles.

Copy #1 disappeared over time... I lived in Minneapolis for a time and there were 'to go' stores affiliated with the main sitdown restaurant in Minneapolis, all over the metro; that had stuff under glass on steamtables, and they would dish it up as ordered for takeout or in some places, delivery. When I moved away, I had to have both of the cookbooks that were out; to make my own. This is really good food considering everything; even my better half can make good meals from these recipes. The fact I had to buy another copy of the one missing book tells you how good this stuff is. I do recommend, especially the sweet and sour pork or chicken; and the lemon chicken recipes.

initially i was not crazy about this cookbook, because it doesn't have a lot of pictures. (it has maybe 20 pictures in the whole book, total) But after cooking a few recipes, I've come to enjoy it! They actually do give recipes of dishes that Chinese people eat; vs. i.e. chinese takeout cookbooks. I have to admit that I've eaten some of these dishes in restaurants & wondered how they were made, & now I don't have to wonder. If you want to cook Chinese, but also make it quick & easy, then this is a good book for you.

Overall, the recipes we have tried are excellent; some have become meals we make very frequently. However, in my experience, any Asian-cuisine-cookbook will not be very practical for someone with shellfish allergies (like me) or who dislikes shellfish. Many of the recipes can be altered to not include oyster sauce, fish sauce, shrimp or the like, but it isn't always possible. Most of the ingredients can be found at our local Asian grocer. I'm very pleased with the recipes we've been able to try and knew a Chinese cookbook would contain many shellfish recipes, so I would recommend this book to people who enjoy this style of cuisine and who are willing to supplement it with other recipes if they have allergies. If you are vegetarian you will have even fewer options with this cookbook, but the meatless recipes are still delicious.

So far so good!!! The orange chicken was delicious!

What a treat. We no longer live in Minnesota so this cookbook is a blast from the past - healthy fast food before it was a trend. Wish they'd open a Leeann Chin in Austin!

Katie and her Mom have written a lovely and entertaining book with delicious recipes from Mrs. Chin's famous restaurants. Simple to follow directions with great tasting dishes. You can make better meals than any take-out in your locale. Try the book and trust you'll be happy with the results.

Lots of great easy Chinese recipes you can make at home, MUCH better than take-out.

Most of the recipes were useful.
