# Storm Water Pollution Control: Municipal, Industrial And Construction NPDES Compliance

## Synopsis

Industrial managers, construction professionals, and municipal employees know they must comply with new Environmental Protection Agency and state storm water regulations or risk heavy fines and even jail time. This completely updated book gives those who must meet new federal and local standards the tools necessary to satisfy the new requirements fully, efficiently, and economically. It's your best and most complete source of information on actual EPA field enforcement practices; the entire EPA Phase II standard; state-by-state storm water pollution regulations; and more. It's your one-stop source for easy, cost-effective, and fully compliant storm water management and a volume that will pay for itself many times over.

## Customer Reviews

Industrial managers, construction professionals, and municipal employees know they must comply with new Environmental Protection Agency and state storm water regulations. This completely updated book gives those who must meet new federal and local standards the tools necessary to satisfy the new requirements fully, efficiently, and economically. Free of legalese, this practical handbook brings you accurate, up-to-date, and complete information on all National Pollution Discharge Elimination System (NYPDES) guidelines. It's your one-stop source for easy, cost-effective, and fully compliant storm water management--and a volume that will pay for itself many times over.

Roy D. Dodson, P.E. , is a specialist in water resources engineering, planning, and management. He heads his own engineering firm, Dodson & Associates, Inc., which has managed storm water permitting for over 150 industrial facilities. He also teaches professional courses on storm water permitting and on hydraulics and hydrology for the American Society of Civil Engineers.
