## Customer Reviews

Nice :)

This is a really fun book to kill some time coloring. I bought it for my boyfriend and we were both impressed with how well the pages were illustrated - very clear lines to follow and lots of detail to focus on. All in all I was impressed with this book, they did a good job.

The pages were obviously reproduced on a copier that was out of ink. Some pages are only 30% printed. Shoddy!

My brother broke his arm and had to practice writing left handed so I got him this with some

markers, he loved it. Gave him his writing practice and cheered him up.
