Australia (Continents)

Synopsis

This updated edition asks you to pack your bags. We are on our way to Australia! Learn about the largest coral reef in the world, birds that cannot fly, and the only country that is also a continent. Turn the pages of this book to find out: which lake is the largest in Australia and also the lowest point on the continent, why children in the outback do not go to school the way you do, who aborigines are and how long they have lived in Australia.

Customer Reviews

Grade 1 • These books are perfect for early elementary reports. The user-friendly format enables students to navigate the texts easily. The authors describe weather, geographic features, plants, animals, and much more, in a layout perfect for short research activities. The large, up-to-date, full-color photographs are sure to grab children's attention. Maps are generously placed throughout. These volumes provide just enough for an understanding of these continents. • Anne L.
