From the Foreword by Billy Graham "Every Christian...should study this book prayerfully and apply its principles to life." Revealing profound truths about the church and her unique part in the kingdom of God, this book continues to amaze believers more than thirty-five years after its first publication. Its down-to-earth style and biblical insights provide the reader with a rare glimpse into the eternal plan of God to provide a bride--a reigning companion--for His Son. Paul E. Billheimer and his wife began a tent ministry in Anderson, Indiana, in 1936 that grew to include a Bible institute, a Christian high school, a Christian day school, and in 1957, a Christian television station. His books include Don't Waste Your So

Prepared to sit beside the Judge of the Universe - Who, ME? Not so incredible as it first appears. But that is a position you are destined to fill, provided you meet and pass the challenges. How is

that possible, even if it is probable? Billheimer leads the reader step by step through the necessary preparations that few are willing to undertake. Jesus warned that the 'gate is narrow and the way straight, and few there be that find (search for) it. You won't make it if you don't really care, but a 'reward' (crown, not cheap either) awaits those who dare to accept the challenge. Get off the broad path to destruction by reading your Bible, assisted by this challenging book!

This is one of my top 10 books. I have been a Christian for almost 30 years. I read this when I first became a believer and it touched my life. I read it again just recently and I must say the wonderful blessing it was to me again, giving me an eternal and triumphant perspective on life, ministry, and tribulation. I would recommend this to anyone who wants to go deeper in their spiritual walk.

This is a very interesting book full of great views that will challenge your views regarding yourself as a child of God, the role of "The Church" and God's purpose for us all. I have enjoyed reading this book, which I am still reading. Give yourself time and a quiet place to read and re-read and digest the information, I would also suggest have your bible available to look up scriptures so you can research and study. Whether you are a new christian or "seasoned" christian this book is for you, because it will get you thinking about what really is the purpose and the point of prayer and the power behind it. If you want to read something that isn't old hat or if you are needing to find something to stir you up and get you praying this book is it...

Very good book.

This is a very comprehensive book for being so compact. It unfolds a lot of foundational concepts that we take for granted and even teaches a few that may be new to some people. However, I will say that this author carries a theme throughout the book that I disagree with. Billheimer basically asserts that the reason we are to perform spiritual warfare prayer here on earth is to "train us" for that work in heaven. He says on page 39, "[Prayer] is God's way of giving the Church on-the-job training in overcoming the forces hostile to God. ... What foes will be left to overcome in the eternal ages, we do not know." I disagree wholeheartedly with that because when we are in heaven, we won't have any evil to fight against. So why would we be "in training" for spiritual warfare in heaven? It makes no sense at all. I personally believe that prayer and spiritual warfare on earth is done in order to populate heaven and glorify God. As far as "training" is concerned, I think Billheimer would have better served if he had used the word, "sanctification." Prayer and spiritual warfare increases

our faith, draws us near to God and makes us more like Christ because He is in constant intercession. God is looking for a bride for His Son and she is being groomed before that wedding. This much is true. But training for warfare in heaven? I think Mr. B. needs to re-read his bible.

Looking forward to reading it.

A great book--every Christian should read and reread!!

I appreciated the first chapters of the book the most. Overall, it was a great book on prayer. The style is more convincing/encouraging/motivating Christians to pray. While it is a good book, I felt like some additional reading (or previous knowledge) would be helpful to fully appreciating his points. For example, "Spiritual Warfare for Every Christian" by Dean Sherman or a book that dives deeper into the Greek/Hebrew regarding prayer and intercession (ie: Dutch Sheets) would be helpful.
