Customer Reviews

Great pocket reference for me as a nephrology NP.

Great resource- use it everyday! (Hopefully not forever)

I carry this with me all the time. I am an NP for a busy nephrology group. I round at 6 dialysis clinics and 4 hospitals and love having this in my pocket. It's not too heavy, thank goodness, because I tend to pull heavy things out of my pocket when I'm at the desk charting, then walk off and leave them. Excellent quick reference.

Met expectations and easy to use throughout rounds. Worth the price!

full of info on kidney disease in a convenient pocket size book

Concise and good to carry in your pocket. It's an excellent memory aid, you must know the basics.

good summary and tips for clinical uses. good quality!

Great book!
