Each little pig is confident that his house is the strongest. But the real question is, whose will survive the big bad wolf? Beautifully illustrated, this classic tale will capture children's interest and spark their imagination page after page, encouraging a love of reading that is vital to success in school and life.

It is not the Three Little Pigs story that I remember, but given the versions I found online...it is one of the less violent/horrific/sad versions. I don't know where my daughter heard about the three little pigs, I don't recall us telling it to her, but she wanted it read at bed time. We went online to thinking it

was a classic children's fairy tale, and having forgotten the ending to the little matchstick girl, or that other version of the three bears, well I ended up here. The artwork is good, the story is basically the bland version I remember, and the little one likes it. What more is needed.

great price and perfect condition , my kid loves it , , happy with purchase will buy another book soon

Great story. My son loves this book.

So cute!

Good quality

My son lives the storyline! Brings back memory and it was very nostalgic. Helps with imagination especially with the great graphics.

My 2 year old loves this story and the illustrations!

Such a classic tale of the three little pigs. One of my favorite books when I was young and still one of the best. I'm glad my kids enjoyed it just as much as I did.
