The Power Of Your Subconscious Mind: There Are No Limits To The Prosperity, Happiness, And Peace Of Mind You Can Achieve Simply By Using The Power Of The Subconscious Mind, Updated

Synopsis

The bestseller by a preeminent teacher of the New Thought movement, now revised and expanded with never-before-published commentary from the author. One of the bestselling self-help books of all time, *The Power of Your Subconscious Mind* has helped millions around the world achieve remarkable goals, simply by changing the way they think. Dr. Murphy's mind-focusing techniques are based on a simple principle: If you believe in something without reservation and picture it in your mind, you can remove the subconscious obstacles that prevent you from achieving the results you want, and your belief can become a reality. As an advocate of what is now popularly known as the Law of Attraction, Murphy shows that anyone can unleash extraordinary mental powers to build self-confidence, to create harmonious relationships, to gain professional success, to amass wealth, to conquer fears and phobias, to banish bad habits, and even to effect physical healing and promote overall well-being and happiness.

A native of Ireland, Joseph Murphy (1898–1981) was a prolific and widely admired New Thought minister and writer, best known for his motivational classic, *The Power of Your Subconscious Mind*, an international bestseller since it first blazed onto the self-help scene. His pamphlet *How to Attract Money* first appeared in 1955, and likewise entered many editions. Murphy wrote widely on the auto-suggestive and metaphysical faculties of the human mind and is considered one of the pioneering voices of affirmative-thinking philosophy.

****SPOILER ALERT****(You've Been Warned)First read it.Second, this book, along with MANY books that I have read come down to two things.1. Our subconscious does 90-95% of our daily thinking. It learns through deductive, hypnotic, trance-like states. (Like when one is running, driving, or watching TV and were completely absorbed in the process. Through REPETITION in a DEDUCTIVE state, you gain the POWER to change your mind.2. Our skill set, action, or behavior is +80% of success. (Anthony Robbins and MANY others).SOLUTION: Become completely absorbed in something you wish to become and develop the necessary skill set to execute your desires.(Also Law of Vibration, Law of Attraction...yes it's all real.)BUY this book, study it, apply it, and reap your greatness!:-)

I came across this title while looking through older self-help titles. I have books like The Power of Positive Thinking, The Magic of Believing, The Secret, etc., and I was curious about this title by Joseph Murphy. All self-help books seem to be based on the same general principles of making a decision, see yourself achieving your goal or getting the thing you want, and then work like crazy to get it. Stay focused on the goal and don't force anything. The Universe will deliver.This title has all that and some additional insights into belief, self-esteem, but it also explains why you might be failing at something because of wrong thinking, and how to correct it. I liked it very much. It was well-organized, and easy to read. I highly recommend it.

After reading about Cynthia Stafford's amazing lottery win and how she credited much of her success to Joseph Murphy's work, I decided to give this kindle book a try. The Power of the Subconscious Mind exceeded my expectations in many ways.I've read a lot of LOA books, especially in the past couple of years...some good, some so-so, some just "get rich quick" schemes for the authors, or so it often seems. And when it comes to the older books on this topic, they often seem dated and not relevant for people living in today's world.The Power of the Subconscious Mind is a winner, in all respects.It IS extremely relevant, for anyone, at any stage in life.It is NOT preachy, although it's obvious that the author did have strong religious beliefs, he doesn't "preach" or push a particular creed or religion at any time in this book.His message is for everyone seeking an happy, healthier and more prosperous life. And who isn't?? ;-))The practical advice in this book is easy to follow and powerful. Enjoyable, easy and not a chore!! A nice change from some other books on the topic I've read and gave up on.I make it a point to re-read at least a couple of chapters, every day or two, as a good reminder and pick me up. I've had some excellent results already, following many of the suggestions in this book.No, I haven't won 112 MILLION as Cynthia Stafford did, but I've had a

lot of smaller wins so far, and not just when it comes to financial gains. As Murphy so wisely states in this book, money and prosperity ARE very important, but they are not the whole story when it comes to living a successful and happy life. If you are debating about what LOA to buy, you won't be sorry you choose this one! Geraldine Helen Hartman, author and top reviewer

The book is very repetitive -- the same message over and over. That's not really a problem when you consider that repetition enables us to learn. I think a good approach is to read through the table of contents to find your particular issues to focus on. It has been a classic and best seller for many years since it was first published in 1963. In this Kindle edition there are a number of puzzling spelling errors. I suppose that is normal for ebooks. They probably use OCR technology in the process of getting it from a printed on paper book to an ebook. Some of the errors just don't get caught. The best thing about this one is the price: ninety-nine cents!

this is my favourite book of all time! The author has laid out all information in clear concise points at the end of each chapter. Pity I did not know about THE GREAT POWER OF MY SUBCONSCIOUS MIND IN ALL DETAILS OF MY LIFE AND HOW THE SUBCONSCIOUS can guide me in all problems and difficulties! I consider this BOOK AN ABSOLUTE MUST for all adults! I have read it many many times and will continue with it for a long time to come! Thank you !

and everytime I see something I did not see before. I learn something new reading this book. I thought I would just read this for a good read, but now it really becomes more personable to me. I really like Joseph Murphy's books.

Dr. Murphy has broken the conventional rules and dogma that I was brought up in. Going around that was wearing me out! this book is only for people that believe in higher states of consciousness. If you were brought up in Tradition Religion, you should pass on this unless you really want a Transformed renewed mind.

This book by Dr. Joseph Murphy is my FAVORITE of all his books because in this book he covers not only the famous book The Power of Your Subconscious Mind (abridged form), yet several of his other great books as well. This book covers several of my favorite excerpts from his books which include: + How Your Own Mind Works+ The Miracle Working Power of Your Subconscious+ Healing in Ancient Times+ Mental Healing in Modern Times+ Your Subconscious Mind and Wonders of

Sleep (my favorite part)+ Your Subconscious and Your Happiness+ Several more...For 99 cents, this book is the best deal I have found on Dr. Murphy's books in Kindle.Highly recommend this book if you like the teachings by Dr. Joseph Murphy!
