The Dragon Rider (The Alaris Chronicles Book 2)

Synopsis

The barrier is down, war is brewing and dragons fill the skies once more. Bakari is the first dragon rider in centuries but he alone cannot subdue the growing tensions among the kingdoms around Alaris. He begins a quest to find more dragon riders -- the only way to secure peace in the fractured lands around him. In this second book of the Alaris Chronicles everyone is forced to choose sides in the battle for the governance of Alaris. Roland Tyre seizes control of the Citadel and carefully plays both sides -- but his immense charm and considerable wizard powers may prove useless against a deadly and hidden enemy. Battle Wizard Alli Stenos is in the thick of every fight she can find and only wants to secure an end to the violence. The three young wizards, Bakari, Roland and Alli have become more powerful than many of their elders. But will that be enough to keep Alaris, and the surrounding kingdoms, from descending into all out war?

Customer Reviews

This book was great could not put it down thank you for a great book 2 it had twist and turns in it and

how to learn about your self and see what good others have thank you now have wait for the story to be read and enjoyed.thank you!

Wow, if love dragons, wizards and a Great story, I guarantee you'll fall in LOVE with this series. Each of the characters are mesmerizing and the story just keeps your attention from the first to the last. Thanks again Mike. I can't wait to read the next book too.

First book was good. Introduced its to a new world and people. We saw that world expand. This book is the continuation of the first story but stand well on its own. The story was more active with more twists and turns, and more at stake. There are still points that I had to ignore the impossibility of events, but not many. This was really well done for a new author. Waiting for book three with anticipation.

Gave this book, volume two of the series, to my grandson on his 11th birthday -- he's halfway through it and is really enjoying it. Like volume one of the series, he rates it 5 stars.

This is a great book. It's not only for Youth and Young Adult. I'm 76 and think it's great. If you like dragons and other such fantasy, get this one!

I wanted to like this but I hate the characters. I can't stand idiots that think dictatorship is just as good as loosely republican form of government. The characters have fatal flaws that make it impossible to relate or empathize with. The men the female lead is infatuated with nauseated me. There also are a grammatical errors genders and pronouns that don't match

Avery good book and well worth the read. I enjoy this series as much as his others.

The book is excellent. I am impatient to read the next book. The story just gets better and better.
