None of the places on my itinerary in Ambdo and Kham were even mentioned in this book. The general information is good.

Maps not embedded.

Very clean and almost new book!

Hard to use...small print

I really really like it! This is absolutely adorable.

Love the book. Very helpful for my trip. However, if you take this with you it will be confiscated at the airport. It's on the banned book list in China. I left mine at home and my friend brought his and they found it right away in his checked bag. They grilled him and said it was filled with lies. So write down important info and leave the book at home! Also, FYI, social media, Internet and email are not available in Tibet. So, don't plan on searching the Internet.

Very good book, informative and updated.

Very in depth overview of Tibet
