Read the description better than I did! I was so excited to find chapter books starring my sons fav TMNT that I ordered all 4 characters, not paying attention that these books feature 2 in 1 so I ended up with 2 sets of books... no biggie I can give the extra set as a gift to a friend but wish I'd read the info better and understood that each book is actually 2 books in one and the back "cover" was actually the front cover for the other book...

I choose this rating because it definitely shows the expressions and emotions that it should. I would recommend it for all ages that know how to read.

Hah is all I could say while reading this book. There is no bad words, no negativity, nothing inappropriate, all hilarious. 

One side of this book is Michelangelo's story, flip the book to read Raphael's story. This book has black and white pictures to support the text. Suitable for your more advanced readers (perhaps grade 2-3. My pre-schooler certainly isn't ready for it despite a love of Ninja Turtles. I haven't tried it with my grade 1 boy yet. I am really glad these stories are available as they encourage active boys to love books.

Crummy book. It is like someone scanned it in and posted it. some of the words were unreadable. It is really hard to get your kid to read and then he tries something like this and you're like really? This is a complete waste of time.

My sons, ages 7 and 9, love this book as well as the entire series. It is easy to read and the storyline excites them. Anything that keeps their interest is a good find to me, and this book definitely fits the bill.

I love this book!!! When I read the book I could picture everything that also happened in that episode!!! Now I want to buy the rest of the series!!!

Both my son's love Teenage Mutant Ninja Turtles and this book was a sure hit. They still go back to it. My six year old even colored it inside. This book is a lot of fun.

Excellent selection for my MNT fan.
