you can do anything for 30 seconds. I have been loving and hating these workouts for 3 months now. I can now do modified pushups and jumping jacks. little by little. i am getting stronger. not bad for someone who HATES exercise, but with these exercises it is just so FUN! thank you Adam, ((virtual hug))

Out of all the books and programs, this book is the most helpful one I've purchased. It has easy to follow workouts that don't require any equipment so that you can do them anywhere you go and it helps you maintain a healthy, fit lifestyle. I can't wait to see my results! :)

This book had a lot of buzz in various magazines I read so I decided to go ahead and make the purchase as the premise: Clean diet, workouts that require no additional equipment and a section on a mind / body connection sounded a pretty good mix to me. The book is based on the fact of indeed keeping it simple and real; as the introduction states - most of us do not have time to spend hours upon hours at the gym, do not want to starve ourselves and are not really down with drinking "oddball" potions to keep in shape! The title is derived from the fact that the exercises are stacked into 30 second intervals, basically using a high intensity platform. It begins with the workouts, aka "Train Dirty"

I love this book! Adam's workout is fast, furious, and FUN, and Adam's philosophy is real and

inspiring. This easy-to-read guide will be your go-to again and again!

Practical, results oriented, no nonsense, butt-kicking applications.

Value,value and more value!! This is by far the best book I have read regarding fitness! Everything is explained clear, simple and to the point! I would highly recommend this book to anyone who is serious about diet and fitness, especially those who think they don't have the time.

I read through the book in a an hour or so. ...seems like solid nutrition advice and well thought out exercises.

Awesome book! Everyone should own a copy (and read it and do what it teaches)
