# Now We Are Six: A.A. Milne's Pooh Classics, Volume 4

## Synopsis

Back by popular demand, the four full-color gift editions of the original Pooh classics are available again. These elegant books, larger in format than the classic editions, include all of Ernest H. Shepard's illustrations, each meticulously hand-painted in delicate watercolors. Here are the two great storybooks chronicling the adventures of Christopher Robin and all the inhabitants of the Hundred Acre Wood, as well as the two charming volumes of poems. Bright in color and true in spirit, these are books for giving--To Pooh fans of all ages. --This text refers to the Hardcover edition.

## Customer Reviews

Exactly what I was looking for. I prefer the look and feel of hardcover books. I usually take the dust cover off because I like the look of the raw book, and this book was no exception. Under the dustcover over this book is a beautiful mustard yellow color with little silver bees engraved in it. It's adorable! I love it.

A. A Milne was my favorite author when I was a child! I try to re-read this book every year; It is fun & makes me laugh right out loud! My third grade teacher read this to our class & I found the library in Muskegon, MI where I lived at the time & this was the first book I ever borrowed. I read it to my own children many times! Milne seemed to have a clear understanding of the imaginary world of Christopher Robin & children in general! Even his poetry reflects Milne's understanding of how to delight a child!

Favorite book of my childhood. This edition is very high quality. The stories are a delight for both the child listener and the adult reader. There are so many humorous things in the visual writing of the stories that amuse an adult reader and keep both adult and child equally engaged in the story. Odd spellings and Important Capitalization are frequent humorous touches to keep the reader amused. The stories do have great lessons on friendship, simple pleasures, expectations, acceptance, but they also reflect the vivid fantasy world and imagination of a child and of the father who can interpret it. Mr. Milne did a fine job of translating the real Christopher Robin's imaginary world into a collection of classic stories for children, parents, teens, non-parents and basically anyone. These stories and characters stay with you through a lifetime. When I was expecting my son, my friends gave me a Hundred Acre Wood Baby Shower, because, unknown to me, I had mentioned Pooh enough times that it was noteworthy. Also, BTW, the authentic Pooh and friends toys are on display at the NYC childrens library in Manhattan. Me and my son have been there with our own Pooh Bears for a photo.

I received this book and was read to from it by my mother when I was six. I LOVE those memories. I'm 53 now and bought this for my six year old granddaughter and when she visits, she brings it so I can read to her. It's a timeless classic and so much better than an electronic gizmo that requires to imagination or human interaction. Love it!

This was a gift for a five year old girl. I still have my book from my childhood and I love all the poems and illustrations. Thank goodness it is NOT the Disney version of Pooh, Christopher Robin, etc! This is my second favorite Milne book. The first is "Now we Are Six," which I will give to the five year old on her sixth birthday. Seuss is really good, but no one comes close to Milne for great poetry for children. Check out "Now We Are Six." I still know some of the poems by heart, in my seventies! I can't speak to the condition of the book, as I had it sent to the recipient. It did arrive when it was supposed to.

Throw away your commercial Disney products and their spinoffs--here is the REAL Winnie the pooh. Together with the first volume simply titled Winnie The Pooh these are among the best books I have ever read--as a child, as an adolescent, as an adult, to my children, and now to my grandchildren

Excellent is the best description. Stories filled with lovable characters and beautiful language. Wonderfully recorded by some brilliant British performers. I believe these stories, read so well, help a child feel happy and secure by letting them slip away into an imaginative world that embraces them with love while still guiding them in some lesson of life. I recommend this for children as young as four years old, maybe younger, not to speak of enjoying it myself when listening with the grandchildren. I purchased this for the grandchildren (5 & 6) for last Christmas and will probably purchase "The House at Pooh Corner" for next Christmas.

Good writing and fun poetry. But a few of the poems were a little long for a small child to follow and keep interested. On the whole, I like it and will continue to read it to my child. I believe that the poems will grow on her, just like mother goose. I recommend this book.
