Synopsis

George Fox (September 1624 – 13 January 1691) was an English Dissenter and a founder of the Religious Society of Friends, commonly known as the Quakers or Friends. The son of a Leicestershire weaver, Fox lived in a time of great social upheaval and war. He rebelled against the religious and political authorities by proposing an unusual and uncompromising approach to the Christian faith. He travelled throughout Britain as a dissenting preacher, for which he was often persecuted by the authorities who disapproved of his beliefs. Fox married Margaret Fell, the widow of one of his wealthier supporters; she was a leading Friend. His ministry expanded and he undertook tours of North America and the Low Countries, between which he was imprisoned for over a year. He spent the final decade of his life working in London to organize the expanding Quaker movement. Though his movement attracted disdain from some, others such as William Penn and Oliver Cromwell viewed Fox with respect.

George Fox will draw you off your worldly ways and set you to Jesus. From his first page forward he directs you to your free Teacher, Christ Jesus, who is come to teach His people Himself. Quaker religion is the true and pure religion of God. Don't take my word for it; find out for yourself, not just by reading Fox's Autobiography but by experiencing yourself the Truth of what he says about Jesus, the author of faith.

Good insight on his struggles and what he felt of the other religious sects in England at the time.
