Customer Reviews

"Superbly illustrated, beautifully produced, clear and accessible." [Books for Keeps](#) "A most attractive book packed with picture." [Read Together!](#) "This makes a very good first dictionary; it is bright, cheerful, and nicely laid out." [Education Otherwise](#)

Sedat Turhan, founder and director of Milet Publishing and creator of TurkishBooks.com, was the main distributor of Turkish books in Britain for more than 20 years. Prior to setting up his distribution and publishing companies, Turhan worked in education and youth support for the Turkish community in London.

I am teaching my daughter Russian and was looking for good Russian books for a toddler. This serves the purpose of having Russian words written under the pictures, but the book is nothing special. The pictures are so basic, that I could probably put this book together myself by printing the pictures off of the internet. There is no story, and nothing exciting. I would highly recommend the

First 1000 Words in Russian instead.

Nice book/

This is a great little book for early word recognition. It has both languages below each picture. It is a sturdy board book so it should be durable in the hands of a toddler. The ad was hard to understand and I actually received 2 duplicate books.

I bought this book for my russian baby so she can associate both languages with pictures. This book has lots of different things to look at- animals, body parts, food, etc. Pictures are very likable and interesting to look at.

My only comment is I wish it had the pronunciation of the Russian words also. I work in a preschool with and have a Russian child in my classroom, and would like to know some words in order to communicate with him better.
