### Synopsis

WINNER OF THE 2009 MAN BOOKER PRIZEWINNER OF THE NATIONAL BOOK CRITICS CIRCLE AWARD FOR FICTIONA NEW YORK TIMES BESTSELLEREngland in the 1520s is a heartbeat from disaster. If the king dies without a male heir, the country could be destroyed by civil war. Henry VIII wants to annul his marriage of twenty years and marry Anne Boleyn. The pope and most of Europe opposes him. Into this impasse steps Thomas Cromwell: a wholly original man, a charmer and a bully, both idealist and opportunist, astute in reading people, and implacable in his ambition. But Henry is volatile: one day tender, one day murderous. Cromwell helps him break the opposition, but what will be the price of his triumph? In inimitable style, Hilary Mantel's Wolf Hall is "a darkly brilliant reimagining of life under Henry VIII. . . . Magnificent." (The Boston Globe).

#### **Customer Reviews**

Best of the Month, October 2009: No character in the canon has been writ larger than Henry VIII, but that didn't stop Hilary Mantel. She strides through centuries, past acres of novels, histories, biographies, and plays--even past Henry himself--confident in the knowledge that to recast history's most mercurial sovereign, it's not the King she needs to see, but one of the King's most mysterious agents. Enter Thomas Cromwell, a self-made man and remarkable polymath who ascends to the King's right hand. Rigorously pragmatic and forward-thinking, Cromwell has little interest in what motivates his Majesty, and although he makes way for Henry's marriage to the infamous Anne Boleyn, it's the future of a free England that he honors above all else and hopes to secure. Mantel

plots with a sleight of hand, making full use of her masterful grasp on the facts without weighing down her prose. The opening cast of characters and family trees may give initial pause to some readers, but persevere: the witty, whip-smart lines volleying the action forward may convince you a short stay in the Tower of London might not be so bad... provided you could bring a copy of Wolf Hall along. --Anne Bartholomew --This text refers to the Hardcover edition.

Henry VIII's challenge to the church's power with his desire to divorce his queen and marry Anne Boleyn set off a tidal wave of religious, political and societal turmoil that reverberated throughout 16th-century Europe. Mantel boldly attempts to capture the sweeping internecine machinations of the times from the perspective of Thomas Cromwell, the lowborn man who became one of Henry's closest advisers. Cromwell's actual beginnings are historically ambiguous, and Mantel admirably fills in the blanks, portraying Cromwell as an oft-beaten son who fled his father's home, fought for the French, studied law and was fluent in French, Latin and Italian. Mixing fiction with fact, Mantel captures the atmosphere of the times and brings to life the important players: Henry VIII; his wife, Katherine of Aragon; the bewitching Boleyn sisters; and the difficult Thomas More, who opposes the king. Unfortunately, Mantel also includes a distracting abundance of dizzying detail and Henry's all too voluminous political defeats and triumphs, which overshadows the more winning story of Cromwell and his influence on the events that led to the creation of the Church of England. sequel to Wolf Hall, Bring Up the Bodies. That is, I believe, the only time Booker prizes have ever been awarded to a novel and then its sequel. Not only had I missed the book(s), but at first, when I saw the trailers on PBS for the film version, I wasn $\tilde{A}f\hat{A}\phi\tilde{A}$   $\hat{a} - \tilde{A} \hat{a}_{,,\phi}$  tall that intrigued. Downton Abbey had just finished its last episode of the season and it was hard to imagine anything equaling that. So, a mini-series based on Henry VIII and his wretched excesses, told from the point of view of Thomas Cromwell, one of the king  $\tilde{A}f\hat{A}\phi\tilde{A}$   $\hat{a} \neg \tilde{A} \hat{a}_{\mu}\phi$ s, ah, shall we say, less fastidious enablersÃf¢Ã ⠬à Â|Ho, hum. IÃf¢Ã ⠬à â,,¢ve read my history; IÃf¢Ã ⠬à â,,¢ve seen A Man for All Seasons; been there, done that. But a Close Relative By Marriage insisted we watch, and after the first ten minutes you could have set fire to my chair and I wouldnAfA¢A  $\hat{a} \neg A \hat{a}_{,,}$ ¢t have left. That  $\hat{A}f\hat{A}\phi\hat{A}\hat{a}$ ,  $\nabla\hat{A}\hat{a}_{\mu}\phi$ s how good the production was, and Mark Rylance, the British actor who stars as Thomas Cromwell, gave one of the most compelling performances I have ever seen: quiet, understated, absolutely convincing, and absolutely electrifying. So consider this also a rave review for the PBS series. (By the way, for those of you interested in historical tidbits: any great English house with  $\tilde{A}f\hat{A}\phi\tilde{A}$   $\hat{a} \neg \tilde{A}$   $\hat{A}$ "abbey $\tilde{A}f\hat{A}\phi\tilde{A}$   $\hat{a} \neg \tilde{A}$   $\hat{A}$ • as part of its name, as in Downton Abbey, is so named because when Henry VIII, aided by Thomas Cromwell, took the great monasteries from the Pope, he awarded some of those lands to favored courtiers who retained the appellation  $\tilde{A}f\hat{A}\phi\tilde{A}$   $\hat{a} \neg \tilde{A}$   $\hat{A}$ "abbey. $\tilde{A}f\hat{A}\phi\tilde{A}$   $\hat{a} \neg \tilde{A}$   $\hat{A}$ )After the second episode I galloped to my desk and ordered copies of both Wolf Hall and Bring Up the Bodies for myself and just everybody I know, and as soon as they arrived, I dove in. Now I know why Hilary Mantel won the Man-Booker twice. She deserves it. In case you  $\tilde{A}f\hat{A}\phi\tilde{A}$   $\hat{a} \neg \tilde{A}$   $\hat{a}_{,,\phi}$  where even more of a troglodyte than I and you $\tilde{A}f\hat{A}\phi\tilde{A}$   $\hat{a} \neg \tilde{A}$   $\hat{a}_{,,\phi}$  we never heard of Hilary Mantel or Wolf Hall and Bring Up the Bodies, yes, it  $\tilde{A}f\hat{A}\phi\tilde{A}$   $\hat{a} - \tilde{A} \hat{a}_{,,\phi}$  the new VIII and all his unfortunate wives and all those men and women who circled around the king and his court like flies around a corpse, but  $\tilde{A}f\hat{A}\phi\tilde{A}$   $\hat{a}$   $-\tilde{A}$   $\hat{A}|$  But how much do you actually know about Thomas Cromwell? Ah. That  $\tilde{A}f \hat{A} \notin \tilde{A}$   $\hat{a} \neg \tilde{A} \hat{a}_{,,} \notin s$  the point. That  $\tilde{A}f \hat{A} \phi \tilde{A}$   $\hat{a} \neg \tilde{A}$   $\hat{a}_{\mu} \phi s$  part of Hilary Mantel  $\tilde{A}f \hat{A} \phi \tilde{A}$   $\hat{a} \neg \tilde{A}$   $\hat{a}_{\mu} \phi s$  genius: she has taken a famous and influential man about whom little is known and gone to town with him. Thomas Cromwell is one of those mysterious figures in history who beggar the imagination. Acknowledged as arguably the single most influential minister (that  $\tilde{A}f\hat{A}c\tilde{A}$   $\hat{a} \neg \tilde{A}$   $\hat{a}_{,c}cs$  minister in the political sense, not ecclesiastical) in all of English history, he seems to have sprung fully evolved out of his own imagining and will power. Even the authoritative Encyclopedia Britannica describes his origins and early life as  $\tilde{A}f\hat{A}\phi\tilde{A}$   $\hat{a} - \tilde{A} \dot{A}^{*}$ obscure. $\tilde{A}f\hat{A}\phi\tilde{A} \hat{a} - \tilde{A} \dot{A}^{*}$  Probably (no one knows for certain) born around 1485; probably (no one knows for certain) born in Putney, at that time a decidedly seedy suburb of London; probably (no one know for certain) born to a man who may have been named

Cromwell, but who may have been named Smyth who was probably (no one knows for certain) a blacksmith, but who might have been a brewer or a cloth merchant or all of the above; Thomas Cromwell probably (no one knows for certain) and improbably somehow ended up in Italy early in his life; he probably (no one knows for certain) lived in the Low Countries (think Flanders, Holland, Belgium); and he was probably (no one knows for certain) somehow associated with the London Merchant Adventurers. His early history contains the qualifying words

 $\tilde{A}f\hat{A}\phi\tilde{A} \ \hat{a} \ \neg \tilde{A} \ \dot{A}^{*}seems, \tilde{A}f\hat{A}\phi\tilde{A} \ \hat{a} \ \neg \tilde{A} \ \dot{A}^{*}\tilde{A}f\hat{A}\phi\tilde{A} \ \hat{a} \ \neg \tilde{A} \ \dot{A}^{*}seems, \tilde{A}f\hat{A}\phi\tilde{A} \ \hat{a} \ \neg \tilde{A} \ \dot{A}^{*}\tilde{A}\phi\tilde{A} \ \hat{a} \ \neg \tilde{A} \ \dot{A}^{*}seems, \tilde{A}f\hat{A}\phi\tilde{A} \ \hat{a} \ \neg \tilde{A} \ \dot{A}^{*}$  $\tilde{A}f\hat{A}\phi\tilde{A} \ \hat{a} \ \neg \tilde{A} \ \dot{A}^{*}might have, \tilde{A}f\hat{A}\phi\tilde{A} \ \hat{a} \ \neg \tilde{A} \ \dot{A}^{*}and \ \tilde{A}f\hat{A}\phi\tilde{A} \ \hat{a} \ \neg \tilde{A} \ \dot{A}^{*}probably \tilde{A}f\hat{A}\phi\tilde{A} \ \hat{a} \ \neg \tilde{A} \ \dot{A}^{*}almost more than any others. And yet, somehow, out of these inauspicious beginnings, Thomas Cromwell suddenly burst into history in 1520 as a solicitor (that <math>\tilde{A}f\hat{A}\phi\tilde{A} \ \hat{a} \ \neg \tilde{A} \ \hat{a}_{,\phi}s$ 

 $\tilde{A}f\hat{A}c\tilde{A} \ \hat{a} \neg \tilde{A} \ \hat{A}$  "lawyer $\tilde{A}f\hat{A}c\tilde{A} \ \hat{a} \neg \tilde{A} \ \hat{A}$  to we simple-minded Americans) to the great and immensely powerful Cardinal Wolsey. How did a man from such meager beginnings in such a rigidly stratified society manage to catapult himself into the halls of power and the pages of history?I stumbled across an interview on the internet with Hilary Mantel, and that question is pretty much what compelled her to start her journey. So that $\tilde{A}f\hat{A}c\tilde{A} \ \hat{a} \neg \tilde{A} \ \hat{a}$ , cs half the genius. The other half is Mantel $\tilde{A}f\hat{A}c\tilde{A} \ \hat{a} \neg \tilde{A} \ \hat{a}$ , cs writing. To quote Rudyard Kipling:  $\tilde{A}f\hat{A}c\tilde{A} \ \hat{a} \neg \tilde{A} \ \hat{A}$  "There are nine and sixty ways of constructing tribal lays, And every single one of them is

right. $\tilde{A}f\hat{A}\phi\tilde{A} = -\tilde{A}\hat{A}$ -Doubtless very true, and who am I to question as great a writer as Rudyard Kipling? But some methods of construction are righter than others, and Hilary

MantelÂf¢Ã ⠬à â,¢s writing is breathtaking.Of all the varied ways of constructing tribal lays, the one that appeals most to me is the kind where a master artist plays with his or her materials. Think Shakespeare. Think Faulkner. Think Cormac McCarthy. Think Hilary Mantel. The English language, so rich and varied, so ripe with multiple subtle meanings, lends itself to a kind of imaginative playfulness, verbal pyrotechnics, if you like, that amaze and delight. She writes in the present tense, third person singular, which lends an urgency to her tale, but she jumps back and forth in time, sometimes in a sentence, sometimes in a paragraph, sometimes in a section, using the mnemonic device of CromwellÃf¢Ã â  $\neg$ à â,¢s memories to give us information about him and his past. But it is the oblique grace with which she tells her story that is so delightful. I will give you one example.Bring Up the Bodies, the second volume of what will eventually become MantelÃf¢Ã â  $\neg$ à â,¢s trilogy, opens with Thomas Cromwell and Henry VIII out hawking. In Wolf Hall, CromwellÃf¢Ã â  $\neg$ à â,¢s daughters have died, but he cannot allow himself the luxury of grief. He lives to serve the king, and as a minister to the king he cannot indulge in such distracting luxuries as grief or rage or love or hate. Whatever he might feel or want must be subsumed in service to the throne. So in  $\tilde{A}f\hat{A}\phi\tilde{A}$   $\hat{a} \neg \tilde{A}$   $\hat{A}$ "Falcons, $\tilde{A}f\hat{A}\phi\tilde{A}$   $\hat{a} \neg \tilde{A}$   $\hat{A}$ • the opening chapter of Bring Up the Bodies, Cromwell and Henry are sitting their horses and watching their falcons, and a lesser, more pedestrian, writer might have opened the book with a paragraph such

as: $\hat{A}f\hat{A}\phi\hat{A}$  â  $\neg\hat{A}$  Å"Cromwell watches his falcons plunging after their prey. He has named the birds after his daughters, and as he and the king watch from horseback, this one, Grace, takes her prey in silence, returning to his fist with only a slight rustling of feathers and a blood-streaked breast $\hat{A}f\hat{A}\phi\hat{A}$  â  $\neg\hat{A}$   $\hat{A}|\hat{A}f\hat{A}\phi\hat{A}$  â  $\neg\hat{A}$  ŕAnd so on.Now, consider this, Se $\hat{A}f\hat{A}$  orita; consider how Hilary Mantel handles the opening. $\hat{A}f\hat{A}\phi\hat{A}$  â  $\neg\hat{A}$  ŕHis children are falling from the sky. He watches from horseback, acres of England stretching behind him; they drop, gilt-winged, each with a blood-filled gaze. Grace Cromwell hovers in thin air. She is silent when she takes her prey, silent as she glides to his fist. But the sounds she makes then, the rustle of feathers and the creak, the sigh and riffle of pinion, the small cluck-cluck from her throat, these are sounds of recognition, intimate, daughterly, almost disapproving. Her breast is gore-streaked and flesh clings to her claws. $\tilde{A}f\hat{A}\phi\tilde{A}$  â  $\neg\tilde{A}$  ŕIf you don $\tilde{A}f\hat{A}\phi\tilde{A}$  â  $\neg\tilde{A}$  â,  $\phi$ t like that, you don $\tilde{A}f\hat{A}\phi\tilde{A}$  â  $\neg\tilde{A}$  â, $\phi$ t like chocolate cake.

Even though it happened 481 years ago, I have long nursed a grudge against Thomas Cromwell for leading the inquiry on Queen Anne Boleyn for infidelity against King Henry VIII, the findings of which resulted in her death by beheading. I thought him a foul man, indeed. Author Hilary MantelÃf¢Ã ⠬à â,, ¢s magnificent novel did not make me rethink BoleynÃf¢Ã ⠬à â,, ¢s innocence, but it did make me rethink CromwellÃf¢Ã â  $\neg$ à â,,¢s guilt. Her gift is to humanize a man who seemed a historical monster. His list of persecutions just in the period this book covers is staggering: isolating former Queen Katherine and separating her from her daughter, Mary; writing Mary out of succession; ruthlessly seizing church assets; laying the ground for (or entrapment of?) Thomas More  $\tilde{A}f\hat{A}\phi\tilde{A}\hat{a} - \tilde{A}\hat{a}_{,,\phi}\phi$ s treason which results in his beheading; and taking lethal vengeance against enemies of his former mentor, the Cardinal Wosley. Mantel brings us to Cromwell $\tilde{A}f\hat{A}\phi\hat{A}$   $\hat{a} \neg \tilde{A}$   $\hat{a}_{\mu}\phi$ s side by writing in the present tense from Cromwell $\tilde{A}f\hat{A}\phi\hat{A}$   $\hat{a} \neg \tilde{A}$   $\hat{a}_{\mu}\phi$ s perspective. That immediacy turns the reader into Cromwell  $\tilde{A}f \hat{A} \phi \tilde{A} \hat{a} \neg \tilde{A} \hat{a}_{\mu} \phi s$  confident  $\tilde{A}f\hat{A}\phi\tilde{A}$   $\hat{a} \neg \tilde{A}$   $\hat{a} \infty$  page after page, we are with him as he navigates a dynamic but uncertain world  $\hat{A}f\hat{A}\phi\hat{A}$   $\hat{a} \neg \hat{A}$   $\hat{a} \infty$  privy to his rationale, humor, and beneficence as he toils ceaselessly on behalf of the King and his realm. Mantel furthers our intimate status by virtually eliminating dialogue tags in this work. Since we are already in the scene, the author wisely allows the conversation to flow unimpeded Ãf¢Ã ⠬à ✠little Ãf¢Ã ⠬à Å"he said, she said, they saidÃf¢Ã ⠬à •

orients us. This is a narrative that is lived, not read. You must pay close attention to follow this kind of writing. In effect, you must become Thomas Cromwell to Thomas Cromwell: careful, thoughtful, alert, unobtrusive and present at all times. I read this book twice. It is an astonishing work of historical fiction both for its story and storytelling style.

Wolf Hall focuses on the early career of Thomas Cromwell who was to become of one Henry VIII's top officials. Mantel takes great care in creating a plausible and likable character. This is important because as you go on to the second book Bring up the Bodies, Thomas Cromwell is also revealed as efficient hatchet man for Henry VIII. The book is rich in historical details about how people lived, their houses, their social relationships etc. I found this very interesting. As Cromwell prospered, his household expanded but not necessarily with servants but with young men he was training or people he was taking care of.
