# Shamans, Nostalgias, And The IMF: South Korean Popular Religion In Motion

## Synopsis

Thirty years ago, anthropologist Laurel Kendall did intensive fieldwork among South Korea's (mostly female) shamans and their clients as a reflection of village women's lives. In the intervening decades, South Korea experienced an unprecedented economic, social, political, and material transformation and Korean villages all but disappeared. And the shamans? Kendall attests that they not only persist but are very much a part of South Korean modernity. This enlightening and entertaining study of contemporary Korean shamanism makes the case for the dynamism of popular religious practice, the creativity of those we call shamans, and the necessity of writing about them in the present tense. Shamans thrive in South Korea's high-rise cities, working with clients who are largely middle class and technologically sophisticated. Emphasizing the shaman's work as open and mutable, Kendall describes how gods and ancestors articulate the changing concerns of clients and how the ritual fame of these transactions has itself been transformed by urban sprawl, private cars, and zealous Christian proselytizing. For most of the last century Korean shamans were reviled as practitioners of antimodern superstition; today they are nostalgically celebrated icons of a vanished rural world. Such superstition and tradition occupy flip sides of modernity's coin—the one by confuting, the other by obscuring, the beating heart of shamanic practice. Kendall offers a lively account of shamans, who once ministered to the domestic crises of farmers, as they address the anxieties of entrepreneurs whose dreams of wealth are matched by their omnipresent fears of ruin. Money and access to foreign goods provoke moral dilemmas about getting and spending; shamanic rituals express these through the longings of the dead and the playful antics of greedy gods, some of whom have acquired a taste for imported whiskey. No other book-length study captures the tension between contemporary South Korean life and the contemporary South Korean shamans' work. Kendall's familiarity with the country and long association with her subjects permit nuanced comparisons between a 1970s "then" and recent encounters—some with the same shamans and clients—as South Korea moved through the 1990s, endured the Asian Financial Crisis, and entered the new millennium. She approaches her subject through multiple anthropological lenses such that readers interested in religion, ritual performance, healing, gender, landscape, material culture, modernity, and consumption will find much of interest here.

## Book Information

Paperback: 296 pages

Publisher: University of Hawaii Press (September 1, 2009)

Language: English

ISBN-10: 0824833988

ISBN-13: 978-0824833985

Product Dimensions: 5.9 x 0.7 x 8.8 inches

Shipping Weight: 1 pounds (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars 2 customer reviews

## Customer Reviews

[Kendall's] book, which will remain authoritative for years to come, will be one of the first read by scholars and students of Korean religions and Korean shamanism.-- "Journal of Religion"

Demonstrates Laurel Kendall's rigorous and masterful observation that the aboriginal belief system and its practices can serve as a lens through which we can see modernity and social life as they continually unfold in South Korea. [This book] is a paragon of work written by a mature ethnographer having built a long-term engagement in the field, in this case in exploration of issues relating to Korean religion and modernity.-- "Anthropological Quarterly"

A tour-de-force of cultural specificity, narrative sophistication and historical insight. . . . Kendall's account is most remarkable for capturing the last quarter century of Korean development history, while relying almost solely on the prognostications and performances of a handful of spirit mediums. . . . Most notable perhaps is Kendall's seamless integration of 30 years of fieldwork and research into a meaningful, and almost timeless, narrative. Her book will be an invaluable source for students and scholars of globalization and folk religion in Korea and throughout the greater Pacific.-- "Pacific Affairs"
