Customer Reviews

Rating: 3.5/5 Heat Rating: 4/5 Liked the story but there were enough editing mistakes that I had to mark down for it. The story contains dubious consent but I kind of expected that. Can't remember ATM if it warned of that in the blurb but like I said it was expected. Would have liked if some words had been spoken after the act to clarify that it wasn't truly a rape.

The story began decently. I thought the writing was somewhat bewildering at some points; there were parts where I got lost in who was saying what to whom. Apart from that, the story had a good pace in the first pages. It sure worked decently in turning me on at least, but... However, when like sixty to seventy percent of the story was all through, the scenes happened a little too fast. And then

way too fast, which resulted in me getting kind of bored with the actual sex scene. Another thing that bothered me while reading the last scene was the fact that the boys(spoiler alert) didn't change positions at all during the act. It was the same thing all the way through. Sadly, this isn't the best of all the Erotica I've read so far. But it was kind of okay, in the first parts.

This was seriously hot. Like, singe your fingers hot. My only complaint would be that it didn't go for longer - like her confronting her step, and it happening a little differently the second time around. Or the same way as the first. Either works

Very taboo!!! Stepbrother, threesome, forcefulness! If that's what you're looking for, give this a read! Its a quick read but worth it!

The concept of this book was good at the beginning but it kind of fell flat at the end. Mostly it was unbelievable at the end. At first I did not catch was going on. Needs a little work at the end.

There's always that 'but,' isn't there? To me, it came off a bit 'r*pish.' Three teenagers, no parents, unlimited supply of alcohol... one teenage boy holding the girl down while the other teenage boy has his way with her just sounded like the author was promoting r*pe, even if she mentioned that in reality, the teenage girl was willing. The sex was hot, but I can't get over the fact that it sounded completely unwilling.

Taken by my Step and His Friend: Erotic, Hot Hot ! It was well written! It was intriguing! You have to love or like this type of story. Cerise always does an excellent job of writing these types of story! I enjoyed every moment of the story!

All & All I enjoyed the story and love Cerise Lush books. I gave three stars only because I felt the phone call on the beach was not realistic. Other then that I would rate at 4 stars.
