Customer Reviews

"I like the step-by-step writing instruction. It makes it so much simpler for us language arts teachers! It's all here in one book! I have used your Write Source book with middle school students since your first edition and found great success. Parents love it as a resource, too! You have found a need and filled it!"

Write Source 2000: A Guide to Writing, Thinking, and Learning by Great Source, is an excellent tool or for use as a textbook. The formatting is pleasing to students and easy to read. The information and content is presented in a clearly understandable way. I have used this as both a teaching resource and as a textbook, and found it to be an excellent resource. I recommend it for teachers and home school parents of upper elementary through middle school students. It also can be helpful in teaching and reinforcing foundational basics older students may have missed. I have used other Great Source materials and have always been pleased with their publications.

"Write Source 2000" is an exceptional resource for any student or person wanting help in English skills and writing. Don't miss out on having a copy of this book in your home. As a teacher and

school principal I could not recommend this book enough to the families in my school. it is easy to find what you need and almost anything you need to know about English and writing can be found in this book. For example: Do you know the difference between their, there and they're or insure and ensure? Do you need help writing a paragraph or a speech? All of this information is available in easy to use language in the "Write Source 2000".

I absolutely love all the write source books

Of all the books I got in high school, this was the only one I held on to for years afterwards. It's more about how grammar works in practice, taught so clearly and so basic, that even a child can understand. It's a great source for quick reference in a variety of different writing types, from essays to creative writing. And it's easy to use.

Fabulous book to use when helping kids of all ages with homework!
