Okay, so for the person purchasing this, be informed that it will take a while to fill this whole book out! But believe me, it will be worth it...my mom was absolutely thrilled to get this for mother's day. She pored over every page and, since it was a group gift that each kid (ranging in age from 18-38)

in my family picked up and filled out on their own copy of, she had so many memories and pictures nicely compiled. It took me an entire rainy day to fill it out properly but it was so, so worth it. It works for sons and daughters and there are even a few entries that apply if you are now a parent yourself (but not so many that it throws off the tone of the book/feels awkward if you don't have kids yet.) The fact that it's a nice hardcover makes it seem more suitable as a gift and not cheaply made. Take your time, enjoy finding some photos, mementos, and memories to fill it with, and you'll have really nice, personal gift for a mom in your life.

I had a lot of fun filling this out. It helped me reflect on how much my mom has done for me, and all the ways she has shaped who I am. I spent about a month filling this out and gave it to her for Mother's Day. She loved it. She cried. I am officially her favorite child. I liked that this book allowed for a good mix of sappy moments and funny moments. My mom is both the loving, caring type AND my hilarious best friend. Some prompts lend themselves to recounting funny inside jokes and memories, while others were the perfect moment to let her know just how much I appreciate her love and support. There were several sections that called for drawing. I suck at drawing. I do not like to draw. It worked anyway. I used a mix of silly doodles and pasted in family photos, and it worked out just fine despite my initial unease with the drawing portions. I live on the opposite side of the world for my mom, and her life has been rough lately. She told me recently that when she's lonely or sad she looks through this book and it makes her feel like I'm at home. Definitely what I was going for. This review has been a bit rambling. Clearly I am not an eloquent writer. But the guided prompts in this book helped me make something my mom truly cherishes, so I think that's a good enough reason for you to buy it.

Gave this to my mom for her birthday and she loved it. I believe "This is my most prized possession" were her exact words. It didn't take an excessive amount of time to fill out which I liked (I worked on it over a weekend). And the prompts were really good too. Much better than similar products, would definitely buy again!

Eh... It's a sweet idea but I find some of the stuff in there quite tacky. I didn't like how they prompted you with examples of what to write after certain questions. ie: Things that remind you of mom and it goes on to list perfumes, or whatnot. Didn't give you the freedom to list what you want because it's basically guiding you to write certain stuff. I think it's fine for less creative types.

Got this for my mom's 44th birthday. There's a lot to this little book. Some things are repeated with different wording, but still really adorable and heartfelt. Probably best for someone older, maybe in their late 20's. I'm 19 and it had me answer questions about children and marriage, but it also gave me the option to say "what I would think" or "what I would like" for the future instead. Really nicely made and even has a section in the back for other loved ones to write their own little notes. :) Gave it 4 stars instead of 5 because of the repeated questions and the strictness to who can use this. I would not recommend this to anyone under 18. All in all a great purchase and I really think she will love it.

My mom said this book changed her! It's 60 + pages with areas to fill in stories and pictures. It definitely takes some time to complete but is SO worth it!

I bought this a few months ago to write for a Mother's Day gift. Like other reviewers, this book takes time to fill out. I made sure to order it far in advance so I could put thought and time into it. I did a page or two most days until I completed it. I also put a bunch of pictures in it for her, personal quotes, memories. These things all took time to make it heart felt and sentimental. I mailed it to her and am excited to find out what she thinks! I think she will be very surprised.

This is the most precious book - gave one to my Mom on Mother's Day this year and she just CRIED, and has told me how special it is to her and how she'll read it all the time and cherish it forever. The most thoughtful, perfect gift (takes a little time to fill out, but it's MORE than worth the effort!!). I sure hope my kids will think to do something like this for me when they're older :) LOVE IT!!!
