Money, And The Law Of Attraction: Learning To Attract Wealth, Health, And Happiness

Synopsis

Many people have watched or read 'The Secret' and believe that you can ask the universe for any material thing that you would like and the law of attraction will just deliver it to you. But of course it's not as simple as that. You have to change the way that you think if you want to change your world. In this extraordinary book Esther and Jerry Hicks outline the secret behind the laws of attraction. They explain clearly how to focus your energy on manifesting prosperity. Learn the keys of abundance by: focussing on what you want in your life and not on what you don't have; seeing yourself as wealthy not poor; and visualising yourself as enjoying the object or lifestyle that you dream of, see yourself having fun living in that house or driving that car. There is enough for everyone. The key is for each of you is to see it and want it - and then you will attract it. Know that you have the power to attract whatever you desire. Affirm that money flows to you easily and that you have an unlimited supply of abundance and prosperity.

Customer Reviews

So much positivity. So much joy. So much hope. So much optimism. Was such a beautiful read. I thank my Creator for giving me this wonderful time through this book.

This book changed my whole outlook and the way I viewed my reality with respect to what I wanted and the possibility of having these things. I took my time reading it bit by bit to be sure I absorbed the messages, which are redundant and presented in various ways to ensure you "get it" and can see how it applies (can be applied) to your situation. I've recommended this book to everyone I love

to help them retrain their mind and change how they approach problems to find greater happiness, peace and fulfillment. All things are possible and your belief, mindset, outlook and ENERGY is what makes it so. I understand that now after reading this and can see how just during the time of reading this book, it's proven true. You won't regret reading this book!

I read the other books of Abraham. As it is, this book doesn't bring too much new things. However, by repeating the same message over and over, it finally hit me inside the hidden corner where there always has been a small resistance translated as a laziness and a scepticism. I mentally understood the message, I felt that it worked and still I wasn't able to get myself in the move for a better destiny. It could be done later, the member of this inner resistance told me. By showing countless practical examples, I suddenly got the hint and saw the light. I really could feel how easily I could make a switch in my life. I saw my limiting behaviour and how firmly I was focused on wrong things and how simple the solution was: changing my focus. So I experienced the stuff works. Therefore, I do recommend this book; I'd say: 'don't wait, just go at last for the changes you can achieve with the help of this book'.

A whole new way of looking at life. This is not just about manifesting money, it's about applying its principles to become wealthy in ALL areas of life. Great routines to start your day and before going to bed are mentioned (look carefully about things to say before getting out of bed and prior to sleeping).

I have seen this book on shelves of bookstores for many years; and not surprising on my own bookshelf. A wait too long. This book has changed me and I feel honoured. Thank you

This book really opens your eyes. Whether you believe in the law of attraction or not, putting what you read in this book into practice will definitely improve the way you feel about life. And one thing that really stuck with me is simply to just be happy and appreciative of your life and all you have, because unless you are, even if you do come into a ton of money you still won't be satisfied or happy and you'll mostly likely end up losing all your wealth and health as a result. I could honestly go on all day about this book, but the bottom line is, I honestly believe every human being should read this book at point in their lives.

#1 Read it.#2 Repeat.You will get something new each time.Be sure to listen to the CD. Consider

getting the book on Audible too.

People get used to being exactly where they are in their thinking, and therefore in their lives. If you would like positive change, I highly recommend any of Esther and Jerry's books. "Money and the Law of Attraction" is particularly good for me, as this is my area of steady improvement, with the help and PRACTICE of these ideas. I also read - and practiced the principles offered within - "Ask and It Is Given." A most excellent choice!
