# Comparative Treatments For Relationship Dysfunction

## Synopsis

This volume presents 18 different treatment modalities for the same case, demonstrating a rich variety of interventions available for treating relationship problems. Treatment approaches are divided into psychoanalytic, cognitive-behavioral and integrative therapies. For students who want to prepare for licensure or professional counselors and therapists who want to improve their practice with couples.

## Customer Reviews

"This volume presents 18 different treatment modalities for the same case, demonstrating a rich variety of interventions available for treating relationship problems. Treatment approaches are divided into psychoanalytic, cognitive-behavioral and integrative therapies. For students who want to prepare for licensure or professional counselors and therapists who want to improve their practice with couples. "

Though I have had this book for a very long time in my library, I had not taken the time to really examine this book. There is a comprehensive presentation of a couple. In the following chapters, a different theory is presented, with its assumptions and key points. What makes this interesting, the couple is analyzed by each of these theories and its approach. As a part time instructor for a few graduate MFT courses, I will be recommending this book to my students.
