Hawaii Travel Guide: Big Island, Amazing Sights - Kohala Coast To Kilauea (Fingerpress Walkabout Travel Guides Book 2)

Synopsis

The Big Island of Hawaii is bejeweled with waterfalls, rainforests, black sand beaches, white sand beaches, macadamia nut and coffee plantations. And it sports an active volcano for good measure. It also lives up to its name as a very big island, mostly covered with lava rock. Unlike neighbouring Waikiki, not all of the hotels are located close to good beaches, so it's advisable to know where you're going when you visit. This book takes you on a photographically rich guided tour of some of the amazing sights around the island of Hawaii, as seen through the eyes of an accomplished travel photographer. Watch the spectacular sunset at Waikoloa on the tiny, picturesque Anaeho'omalu Beach; dodge the sea turtles at Mauna Lani; walk along the exotic black sand beach at Polulu Valley; visit some of the abundance of waterfalls across the mountainous regions of the island, or the botanical garden near Umauma Falls. And of course don't forget to walk right down into the Kilauea Crater, dodging the steam coming from vents in this alien landscape. In addition to the round-the-island photo-guide, 'Big Island, Amazing Sights' includes an Explore More section with useful details and links for further exploration. This is an indispensable guide for your visit to the Big Island.

Customer Reviews

Don't bother. It tells you to stay at a few places, but doesn't review the places. You can find out more for free on TripAdvisor.com This only cost 99 cents, but I still feel ripped off. It looks like this ebook, and the others produced by the same person, are the production of a travel agency advertising their services.

I'm not a very good writer even though I teach English. Also, my photos aren't so great. But, I could have done a better job than this.

This is the written equivalent of a two minute infomercial. If you like infomercials then you'll like this "travel guide".

Whatever

This was a wonderful way to prep myself for my vacation. I was able to pack in the sites and make sure I could see as much of the island as I could.

I found the information informative and detailed and worthy to use as a tour guide. I will follow some of his suggestions.

Good, brief description aimed at people who are planning to go, to guide them to the most beautiful locations. All sorts of valuable links in the back that connect right to your tablet. You get a lot for what you pay!

Great reference for planning our trip. So easy to use on the Kindle, rather than carrying a tour book. Good buy,
