Japan In Transformation, 1945-2010 (Seminar Studies)

Synopsis

Since 1945, Japan has successfully reinvented itself, rising from the ashes of defeat to become a peaceful and prosperous nation. It is seen as an inspiration for other developing nations and contributes significantly to global development. As the third largest economy in the world, with a reputation for technological innovation and cultural creativity, Japan is a country shaping the world we live in. In this new edition of *Japan in Transformation*, Jeffrey Kingston explores the character of the nation as it has evolved since the end of the Second World War. The book: - examines the US Occupation and explains the causes of the economic miracle and its demise- evaluates the effect of the Lost Decade of the 1990s and the unravelling of the Japan, Inc system that prevailed in the twentieth century- analyses such central and topical issues as the demographic crisis, regional relations, security concerns, political change and the role of women Expanded and thoroughly revised to cover the period of 1945 to 2010, this second edition of *Japan in Transformation* provides a succinct and comprehensive study of the recent history of one of the most dynamic nations in the modern world.

He is the author of three other books, including *Japan's Quiet Transformation: Social Change and Civil Society in 21st Century Japan* and *Contemporary Japan: History, Politics and Social Change Since the 1980s*.

This book appealed to me because it offered a long and detailed history of Japan. It really jumped into the History and I liked that we had a good time span that stretched from the end of WWII to a more recent year, 2010. I am working on a project that describes the Sexualization of Young Girls in the Idol; industry in Japan, and this book was able to give a decent history of the mindset of the Japanese, and just generally explained what was in the minds of the Japanese during different intervals of time. The description of the book was detailed, and told me exactly what I had to look forward to while reading this book. This site included the detailed description so I did not need to look elsewhere to see if this was the book that could help me with my project. The book was well written and was a smooth read. I did not need to look elsewhere for information since this book had what I needed, back history. If you are looking for a good, detailed, and interesting book that talks about the drastic transformation that overtook Japan after WWII, this is definitely the one that you should get!
