Hans Augusto Rey was born in Hamburg, Germany in 1898. As a child, he spent much of his free time in that city's famous Hagenbeck Zoo drawing animals. After serving in the army during World War I, he studied philology and natural science at the University of Hamburg. He then married Margret Rey and they moved to Montmartre for four years. The manuscript for the first Curious George books was one of the few items the Reys carried with them on their bicycles when they escaped from Paris in 1940. Eventually, they made their way to the United States, and Curious George was published in 1941. Curious George has been published in many languages, including French, German, Japanese, Afrikaans, and Norwegian. Additional Curious George books followed,

as well as such other favorites as CECILY G. AND THE NINE MONKEYS and FIND THE CONSTELLATIONS.

Cute book. Lots of stickers and activities.

What a great activity book! The pictures are colorful but not too overwhelming, plus there is a wide variety of activities appropriate for 2 year olds and up.

It has a lot of stickers, but we were dissapointed that there weren't many matching pages or pages that asked for specific stickers. There is a lot of freedom as to how to place the stickers and many other activities besides the stickers in this book. For me and my son though, I would have liked more pages that matched with the stickers.

I got this sticker book for my kids. They really enjoy it, although some of the activities are a little over their heads. I have small children, so they really love all the stickers, but they aren't old enough to draw pictures in the places that ask for it. Over all, I am happy that I bought it.

Awesome sticker book!!!

My son loves this book! Had to buy it again after he used up the first one! Excellent activity book!

I bought this book for my 3 year-old but it was too hard for him to use the stickers that were in the book meant to make puzzles Etc. I was hoping the stickers would be normal stickers of George and the other characters. My 6 year-old loved the book though!It is great quality and a big book.

My 3 y/o is all about doing activities, coloring and sticker search and finds. He loves this book because it combines all of the above along with Curious George. A great buy!
