ISBN-10: 1368000762

ISBN-13: 978-1368000765

Product Dimensions: 7.8 x 0.5 x 11 inches

Shipping Weight: 2.2 pounds (View shipping rates and policies)

Average Customer Review: 4.7 out of 5 stars 27 customer reviews

Best Sellers Rank: #44,546 in Books (See Top 100 in Books) #74 in [Books > Arts & Photography > Graphic Design > Techniques > Use of Color](#) #383 in [Books > Arts & Photography > Drawing > Coloring Books for Grown-Ups](#) #810 in [Books > Crafts, Hobbies & Home > Crafts & Hobbies](#)

Customer Reviews

Attached to this review will be a silent flip-through of the entire coloring book and some photos so you can make an informed decision as to whether or not it will work for you. The designs in this coloring book are very cute and represent a number of the Disney Tsum Tsum designs. I would have liked more characters as after 124 of the same twelve or so, it became somewhat repetitive. The designs span from detailed to very simple. There are many wall-paper (repeating pattern) designs and there are really nice character studies. The designs range from simple line drawings to those where there are heavy lines and heavy use of black. Most of the designs have a bit of a wild background. The book is part of the "Art of Coloring" series and has changed format in a number of ways from the earlier books in this series. This book has a soft cover, is smaller, has thinner paper, has glue binding and has perforated pages. A nice change is that the designs are limited to one page (no two-page spreads.) The book is sized smaller at 10.78 x 7 inches (compared to approximately 11 1/2 x 8 inches. For those who like to scan and

print their pages on better paper, this will make it easier as it should work with most standard scanner/printers. The soft cover is okay but I would have hoped for a better value on the book if the quality of the publishing was being diminished. That is also true of the paper. This book has medium weight paper (compared to the heavy weight of the earlier books.) This is what I found while coloring in the book and testing my color medium on the paper. 124 Disney Tsum Tsum inspired Design pages Printed on both sides of page Paper is medium weight, white, very slightly rough, and perforated Glue binding Many designs extend across the perforations, some into the binding. The book can be opened fairly flat by breaking the spine. Alcohol-based markers bleed through the paper Water-based markers leave colorful shadows on the back of the page and can bleed through in spots. Gel pens and India ink pens left anywhere from colorful shadows to indistinct shadows on the back of the page but even at best, were still noticeable. Colored pencils worked well with this paper. I was able to get good, deep pigment. I could layer easily using both the same color and multiple colors. Blending was okay though the tooth of the paper was not optimal (a little smeary). I was able to blend with a pencil style blending stick.

So cute! I collect tsums tsums, and this coloring book is a nice addition. The pictures are not as detailed as some of the other Disney coloring books, but that's more than okay with me! There are lots of images to color, and includes the tsums that are most loved, as well as some that are less well known. It's fun!

This book is cute and very fun to color. The only drawbacks are some of the shading doesn't make sense. Some tsum tsums have the spaces that would be black available to color in but the spaces that should be colored already filled in with black. It also has some duplicate pages which I find strange.

Very Cute Book!! The only thing I wish they would have done was add more Tsum Tsums. They kept using the same characters over and over. They have hundreds of Tsum Tsums they could have used but either way I'm enjoying it.

A must for any Disney lover. The characters have been made into happy, round, adorable faces to color in!

I love this coloring book so much. Some adult coloring books overwhelm me by how intricate the

details are, so this book was a relief when it didn't have any. Some people don't like the repetition in some of the pages but I think that the repetition made it easier for me to relax. I could zone out more without worrying that I would ruin the image.

The pages are too wallpaper for me. I was hoping for more variety, but the pages are basically the same with the differences being the characters. Such a let down. They really could have had fun with scenes and things like that.

Chill time with a drink and a coloring book. Scientifically proven that coloring calms you down, de-stresses you and lowers your blood pressure. Plus - they are Tsums!!
