Customer Reviews

I got an A in this class. I didn't read the whole textbook, but it has a lot of information.

Just what the doctor (PhD) ordered.

I received the books on time and they are wonderful to read for my classes.

Great price for a book I needed for school! Thanks again!

Purchased this for my kid for a community college history class. Wikipedia does as good a job. This looks to be just a very brief "world book" type brief on each country. The Economist would be a much better source.

Right-wing U.S. military whitewashing. Pure propaganda. Don't buy it.
