Environment: The Science Behind The Stories (6th Edition)

Synopsis

For courses in introductory environmental science. **Help Students Connect Current Environmental Issues to the Science Behind Them** *Environment: The Science behind the Stories* is a best seller for the introductory environmental science course known for its student-friendly narrative style, its integration of real stories and case studies, and its presentation of the latest science and research. The 6th Edition features new opportunities to help students see connections between integrated case studies and the science in each chapter, and provides them with opportunities to apply the scientific process to environmental concerns. Also available with **Mastering Environmental Science** *Mastering Environmental Science* is an online homework, tutorial, and assessment system designed to improve results by helping students quickly master concepts. Students benefit from self-paced tutorials that feature personalized wrong-answer feedback and hints that emulate the office-hour experience and help keep students on track. With a wide range of interactive, engaging, and assignable activities, students are encouraged to actively learn and retain tough course concepts. **Note:** You are purchasing a standalone product; *Mastering Environmental Science* does not come packaged with this content. Students, if interested in purchasing this title with *Mastering Environmental Science*, ask your instructor for the correct package ISBN and Course ID. Customer Reviews

Jay Withgott is the primary author and has been with the book since the first edition. He is a seasoned science writer. [Matt Laposata](#) teaches at Kennesaw State University, where over 4000 undergraduates take the Introduction to Environmental Science course each year. Matt brings a fresh, teaching-based perspective to the book thanks to his classroom experience. Matt's research interests are in science education and he has been a part of several NSF-funded projects specifically aimed at improving environmental science education.
