Discover why Aladdin and Princess Jasmine owe their happiness to a big blue Genie. This wonderful retelling of Disney's "Aladdin is out in time for the release of the Platinum Edition DVD.

My nephew accidentally ripped his current favorite book. You name it aladdin! Got this to replace it and he is TRILLED!!! 2 years old and he dang near knocked me over and tackled me to get it out of my hands! Happy boy! Happy aunt!

I love introducing my 4 year old niece to some of my childhood favorite stories. Little Golden Books does a great job in bringing the stories down to her level and we enjoy reading them together.

We just love little golden books, they are just perfect for bedtime stories for my 3 years old who struggles to sit still for story time, these books have great pictures and fun stories and they are not too long that she loses interest in them.

Cute Golden Book with the abbreviated story of Aladdin. My daughter is obsessed with the movie, so I wanted to get this book to incorporate some reading with one of her favorite movies! She loves the pictures in the book and still gets really excited in some parts as she does in the movie. The pictures are beautifully illustrated. Great little book to add to any Disney lover's collection!

Cute, classic story in a classic Goldenbook format.

I loved Little Golden Books as a child and now my daughter likes them! She had recently watched Aladdin, so I had to get this for her. This book follows the story a little better than some other Aladdin books I've seen, though nothing compares to the actual movie (obviously!). The illustrations are good and the book holds her attention well. Can't beat the price, either! Highly recommend for the Aladdin fanatic.

Got this book for my 5 year old. Simple and good book

My daughter loves the story of Aladdin...it's weird though because this book focuses a LOT on Jafar who kind of scares her. I realize it is summarizing the actual story but the points and illustrations chosen seem to focus on the bad guy. Not a deal breaker, just not the route I'd have taken.
