Ukraine: Europe's Best-Kept Secret: An Insider's Guide

Synopsis

Having lived in Ukraine for almost 10 years, the author offers a concise, easy-to-read insider's travel and living guide with practical advice for enhancing your stay. Part I introduces you to many of the delights the country has to offer and Part II contains city guides for Lviv and Kyiv, with helpful information on tourist attractions, entertainment options, places to eat, unique Ukrainian experiences and family-friendly activities. For those planning to stay longer, Part III offers practical advice on medical facilities, best places to shop, local transportation, tips on meeting locals, getting to know the Ukrainian way of life and much more.

Customer Reviews

Excellent buy. Hard to find guide books of Ukraine based on user experience.

Good one and some information "behind the scenes", written by someone actually lived in the country. Good info regarding Lviv and Kyiv, and also some general info regarding the country and

the people.

Not your typical tourist guide but very helpful in getting to know the Ukrainian people and culture and getting me excited about my trip! The recommended hotels, theatres, restaurants, museums, etc offer the top choices in these categories.

Great book! I found the cultural information very helpful.

Maria Kachmar's unabashed 'love letter' to Ukraine is a delightful read and a useful 'how to' for traveling in the country. Her enthusiasm for her ancestral homeland is clear, and is delivered in easy and engaging prose. Her unique position as a Western expat with a Ukrainian heritage (and language skills) mean that this little book is chock full of great suggestions for everything from museums to kid-friendly parks. I'm adding it to the list of recommended reading for our expats who will be moving to Kyiv in August. As a long-time resident of Kyiv myself, the book has been a great reminder of just how much the city has to offer, how much I still need to see, and how many places I need to go back to! Definitely recommended for anyone considering a long or short term visit to this remarkable country.

Not very complete, but good for what is included.

Great book. Looking forward to my trip to Ukraine this summer.

This was a disappointing travel guide. If you are traveling with a small child, this book may be helpful to you. If you are planning to stay in Ukraine for a period of time & do your own cooking & live in an apartment, you might find some useful information to supplement other travel guides. If you are traveling to Ukraine for a short stay, as I will be, this book does not provide much that is useful. It also did nothing to enthruse me about traveling to Ukraine. I would not recommend buying this book unless you are traveling with grade school & younger children.
