Earth: Pleiadian Keys To The Living Library

Synopsis

Embraced worldwide as key spiritual teachers of our times, the Pleiadians are back, with another bold and controversial look at our highest purpose on Earth. *Earth: Pleiadian Keys to the Living Library* is their handbook to inspired living, calling on us to restore and return value to the human being, and to recognize the Goddess energies and the power of blood as connections to our DNA and our heritage. Using wit, wisdom, and deep compassion, they entice us to explore the corridors of time through the concept of the Game Masters; to awaken the crucial codes for multidimensional perspective; and to redream the Living Library of Earth. Their teachings are significantly arranged in twelve chapters to trigger a deeper understanding of our ancestral lineage. *Earth* probes the memories hidden deep within us to reveal our crucial roles in the transformational process unfolding in our times.

"The Pleiadian teachings can be likened to that of a shaman, that ancient sect of consciousness which has served as intermediary between the realms of the physical and the spiritual, leading people to self-discovery. . . . The Pleiadians, through Barbara Marciniak, get their point across in a simple, entertaining manner, not entirely unlike good guru wisdom but on a more cosmic level. Even if you are not inclined to channeling, you will find their advice on self-growth enlightening, fascinating reading." (Whole Life Times)

NEW CONSCIOUSNESS / CHANNELING “Awaken, dear friends, within this dream and realize that it is your duty and responsibility as human beings to imagine and visualize a safe world. This is a brilliant book. I read it when it first came out and didn't do the exercises and really wasn't sufficiently ready to read it. But now, when I do the meditations, my body quite literally hums. It is an awesome book and I would recommend it to anyone who is ready to experience really beautiful frequencies and vibrations.

Interesting book. Gives an optional view of traditional thought that is taught.

Absolutely amazing book -- so much insight. Was skeptical before reading it, but now am most impressed!!

Barbara Marciniak, a medium who channels extraterrestrials, has written a book about how we are keys to the Living Library here on earth. How we as the keys will open this library up should be interesting. In time, the Pleiadians from the Pleiades constellation will help us do so. Take it or leave it, it is still an interesting concept. Barbara Fifield

Awesome read. I didn't want the info to end.

Very interesting concepts. An easily read book, but not for everyone.

Amazing book. I couldn't put it down.

Amazing
