# Sorry I Barfed On Your Bed (and Other Heartwarming Letters From Kitty)

## Synopsis

The cat's answer to *Sorry I Pooped in Your Shoe, Sorry I Barfed on Your Bed* is a hilarious collection of full-color photos and letters of excuses and suggestions from cats to the people who love them—no matter what bad thing they've done! Inside *Sorry I Barfed on Your Bed*, writer and comedian Jeremy Greenberg presents a collection of laugh-out-loud letters and photographs that offer a cat's eye view on common feline vs. human cohabitation conundrums. It's the perfect gift for crazy cat lovers and anyone who appreciates hilarious (and so true!) insights into cat and human nature, including: Your cat sits on your laptop not just for warmth or attention, but to prevent you from interacting with the outside world. After all, isn't that the main reason to have a cat so you don't have to waste time developing normal human relationships? If you spent a third of your life licking yourself, you too would occasionally forget to stick your tongue back in your face. Eating grass has medicinal purposes, and most cats believe grass should be legalized. The cat feels bad about barfing on your bed because now it must get to up to go sleep on your clean laundry instead.

Jeremy Greenberg is the best-selling author of 9 humor books, an award-winning parenting blogger, as well as an internationally headlining stand-up comedian and joke writer. When not traveling, Jeremy is at home in San Diego demonstrating alpha-male behavior to his twin, eight-year-old sons--mostly by saying "Whatever" and leaving the room every time his wife says that he's

incorrectly loaded the dishwasher. www.jeremygreenberg.com Ã Â

I totally love these books written by Jeremy. Can definitely see my cats thinking and saying the same things if they could talk lol. Recommend all of them. Just don't worry about the strange looks people will give you when you start laughing out loud!!

I especially liked the photos which added to the humor and fit the letters from kitties. Having been a cat owner or should I say renter, there was a lot of truth in the book.

It's a cute book, and I suppose for extreme cat lovers this is hilarious. But there are so many first person "letters" a cat can write until the concept runs thin. My girlfriend loves cats. Ergo I bought the book. Though I do try to hide it on our coffee table under other more diverse literature. Like monster-truck-mini-cooper-monthly and pictures-of-people-taking-selfies-in-third-world-countries-as-they-do-charity-bi-weekly-calendar. Which are both totally not made up publications.

This was so much fun to read because everything was so familiar. Great pics too. A good escape from all that's happening in the world today.

If you love cats, this will make you smile and laugh because your own cat fits right in the story telling. Enjoy!

cute but more reading than I enjoy on a "fluff" book.. I expected shorter paragraphs and more pictures.

If you are owned by a cat you absolutely need to read this. It seems like each of the letters was written by one of my cats. The pictures are beautiful too.

This is a charming set of letters written by cats to their people. The photos are darling as well. I nice way to spend a few minutes if you are a cat lover.
