Reclaiming Surrendered Ground: Protecting Your Family From Spiritual Attacks

Synopsis

Equip your family for spiritual warfare. Few families are aware of the Devil's attacks. Fewer know how to withstand them. Is yours ready? Jim Logan used to think spiritual warfare was a radical idea. That was before he realized just how real it was, especially in the lives of families. Moved by this discovery, in a ten-year span he read over 400 books on spiritual warfare and counseled hundreds of families under satanic attack, soon emerging as a spiritual warfare expert. Reclaiming Surrendered Ground represents the insights gained in those years of study and ministry, and it contains the principles he turned to repeatedly in counseling families. Logan will help you and your family: Become alert to the enemy and his tactics Discover your areas of vulnerability Live freely in Christ's victory Don't let the enemy gain ground in your family. Read Reclaiming Surrendered Ground and be equipped for battle. www.biblicalrestorationministries.org

"There are few books of this caliber on this subject. Jim Logan has laid out a clear, concise battle plan for dealing with the true enemy of this world, Satan. Christians around the world are far too often ignorant of the very real reminder in Ephesians 6:12 that we battle 'powers of the dark world'. This book lays out real stories with real solutions to remind us how to efficiently wear the 'armor of God' when we take back control of our lives. I believe this book is valuable for counselors, therapists, ministers, and family members of those in danger of very real spiritual attacks. Biblical, scriptural, and backed by research and documentation, this book is much needed in the Christian

world."Reviewed by Michelle Welch on NetGalley, Jan 25, 2016

This is one of the clearest and most practical biblical treatments of Christian warfare I've ever read. This is a basic manual for all Christians who want to keep their children from Satanic bondage.-Warren W. Wiersbe, Author, Conference Speaker
You can appreciate a well written book with a message of truth whenever you read it. This is such a book. A good book takes on added significance when you know and respect the author. Jim Logan is a walking, living testimony to the truth of what he writes.-Mark I. Bubeck, Author, Pastoral counselor
Here is a book I've been waiting for. It shows how victory over satanic strongholds is possible. I look forward to using it to help people be free--and stay free in Christ.-Erwin W. Lutzer, Author, Pastor
Biblical and practical! Honest use of this book will transform many individuals and families.-C. Fred Dickason, Author, Professor
Here is a volume that will help both healthy and hurting families to find victory in the spiritual battle in which all Christians are engaged. While some aspects of the book may seem foreign to sheltered believers, Reclaiming Surrendered Ground provides practical, biblical counsel on how to live on the victory side both individually and as a family.-J. Donald Blue, Ph.D, President, CAM International
As I travel to the nations of the world to preach the gospel, I sense that the intensity of the battle for the hearts of people is growing rapidly. The heart of the battle in the West seems to be the family. As nations and as individuals we have given up much ground to the enemy. Jim Logan's book is very timely, theologically sound, and greatly needed. He points us to the ground in our lives and families that have been surrendered to Satan. He then directs us to biblical and practical solutions to reclaiming that ground. I heartily commend this book to Christians everywhere.-Sammy Tippit, Author, International evangelist
Jim Logan speaks and writes from a background of extensive study, reading, teaching, and ministry experience. He makes a very significant contribution to the current discussion on the on-going, spiritual conflict between our Lord and His people on the one side and Satan and his followers on the other. This book should be read and studied widely in the church, and its principles and guidelines implemented.-Dr. Timothy M. Warner, Author, Teacher

Good information and well, written. The only drawback is that it did not contain a specific issue I have been searching for, for years. It is not the author's fault, I lost my husband to a ministry, while we were both saved, and I have been looking for a way to reconcile, we are both still unmarried, and hoped to see a way to reclaim my marriage and if it is biblical to hope for reconciliation. I know he

still loves me and I him. The ministry convinced him it was "God's will" and that God would take care of everything he left behind. I don't blame my husband, he had just lost his mother, and was under a lot of stress at the time, he was looking for answers and that ministry claimed to be prophetic and knew what was best for him. I was dubbed as 'rebellious" due to not agreeing to make that move as I saw how they controlled our every move.

If you want a book that deals Scripturally with issues like the occult, this is a good book to purchase. It deals very practically with subjects such as: marital relationships, rearing and training children, pride, sexual bondage, and unforgiveness. Jim Logan suggests applicable steps to helping you overcome or strengthen in all these areas and more. Good reading for any Christian, for we all struggle somewhere. This book's an encouragement and challenge to live for God in every area of our lives.

This is the best book I have ever read, next to the Bible, on overcoming and conquering the effects and presence of negative strongholds on your life and the lives of loved ones! This is a timeless and practical guide from a man of great experience in the area! I highly recommend it! A great companion book to "Living a Godly Life" by Hal Moroz, and "Emotions" by Charles Stanley! — Living a Godly Life: Discover Personal Growth & The Way to a Successful Life — and — Emotions: Confront the Lies. Conquer with Truth. — . I strongly recommend all three!!!

Helpful in a stressful time, this book clearly lays out the steps towards spiritual freedom. Allow time to practice what it teaches.

I'm only 1/2 way through book, however this is a book I can see myself reading over & over as to reference & refresh. Being disciplined with this book has been an amazing journey, looking forward to helping others with discipleship in future.

This book is the most informative of its type out there. Spiritual warfare is a reality that we all have to face in our lives whether Christian or not. This book shows us how to do that. Families are attacked every single day, one member at a time, dragging the whole family into this battle. We owe it to the ones we love to learn as much as possible about this fact of life. There are plenty of stories between the covers of this book to explain how others have conquered Satan. He only has power if we give it

to him!

Gave to daughter

Really good for people who have been troubled by someone that won't let go of them. It's somewhat scary but bring thing to light.
