Trusting Tristan (River's End Ranch Book 24)

Synopsis

Ex-cop Charley Easton is almost completely sure that she doesn't miss her old job. Much. OK, maybe a little. But she IS happy running the security detail at River's End Ranch, because for the first time ever, she's got her own beat and people relying on her. Which is why the bad boy who's been hanging around is really rubbing her the wrong way. What's he doing on the ranch, anyhow? Ex-con Tristan Quarles is perfectly content to keep a low profile, and not screw up the best chance at employment he's had since he got out. But there's this feisty little not-a-cop who's just so easy to tease, and he finds himself thinking about River's End Ranch more than he probably should. Tristan knows he was locked up for a reason, and that breaking the law is in his blood. But so is loyalty. And when the same crimes begin again with him as the prime suspect, Tristan and Charley are going to have to figure out where their loyalties lie. To their pasts or to each other? *****Discover River's End Ranch, a gorgeous "destination" ranch and resort in Riston, Idaho, that is run by the six Weston siblings and their well-meaning, semi-retired parents. Great story Caroline. Tristan and Charley were wonderful, two people that shared the same sadness that was because of their families. I was wondering how Jaclyn was going to be brought in to the story. I believe that she is the head Fairy.

Wow this was really good drama,cops and drug dealer an ex con and a security guard. Learning where loyalty really belongs and trusting again

This is an awesome book. How Tristan had been caught taking pictures of a day care center at River End's Ranch.

Great book and great series Not one book in this series has been a disappointment all the authors are five star

I love to see Tristan as he adjust with his job and being a new father

This is another awesome story in the River End Ranch Series and as usually Caroline Lee's characters are awesome. I love this story of Tristan the ex con and Charley the Ranches Sheriff in the Old Western Town but really the head of security on the Ranch. This has a lot of emotional torment for Tristan mostly but for Charley as well. The emotional torment for Tristan really hits you hard at times when he is struggling with his past and even present. For Charley it was something like Tristan's but only wanting her father's and brother's acceptance as a cop. She just never could get that or get beyond being the Chief's daughter so never advancement. Tristan's was worse in many ways as his family immersed him as a young boy into a life of crime. Their first meeting was by accident when he stopped to see if the car off the road needed help and he met her with a big ole smile. She was gaga over him already just looking at him and could speak. He thought that was rather cute. Then when he was under the hood of her car she couldn't stop staring at his butt. The whole first chapter had me

laughing out loud at both their antics. Their second meeting at the Ranch didn't go quite as good as the first, but when they had dinner it was different for both of them. They became friends and secretly both wanted something more eventually. But there was always something Charley wasn't sure about. This is a sweet but also sporadically difficult to read in many places with the emotional torment going on in each one especially more so in Tristan. But the ending is so good and the whole story was so good I read it quickly. As most of the River's End Ranch books they are shorter than a novel and easy to read quickly, also hard to put down. I highly recommend this story of Caroline's in this series and hope you read it and all the other books in the series rotating through 5 authors are amazing and worth the reading of them. I was offered this story as an ARC by the author and I willingly accepted it. This is my own honest review as stated in my policies, where I was not pressured to do a review. I did not receive any compensation in any form.

Charley the security guard at River's End Ranch is stuck on the road with a car that won't run. Along comes a "bad boy biker" to help her. Charley doesn't do "bad boys" as she is strictly law and order, order being the main word. Charley is a former cop, the daughter of a cop, and the sister of a cop. She doesn't do anything unsafe such as riding on the back of a cycle. Ride she does behind Tristan Quarles, a man she knows nothing about, to go buy a gas can so she can get her car to run again. Next day, she is summoned by the owner's mother to check out a "proowler" in back of the newly built Kiddie Korral. When he says he is working for his "boss" and won't say anything more, Charley is suspicious and accepts his invitation to dinner in town so she can question him further. As the story advances, Charley starts believing Tristan is not only intriguing, but she believes his story of being innocent even though he is a former con. The truth comes out thanks to Tristan helping the authorities, and Charley gets to prove to herself and others that she can handle tough situations as well as any man. Jacquelyn and her gnomes and fairies play a small but important in this story as they have in other River's End Ranch stories, I am happy to report. When the good guys win, and two people find love, it is always a good story, and this #24 in this series is no exception.

If you've been following the River's End Ranch series, I believe you're going to find that Trusting Tristan is more gritty, more intense and more emotional than what we usually find at the Resort. This story revolves around Charley, our resident security chief and Sheriff in Old West Town at the Resort, and Tristan, an ex-con moving his life in a different, better direction one that crosses with

Charley and Tristan. I'll let you discover their story for yourself. It is intense, emotional on so many levels and while we do run into some characters we know from the Resort and previous stories this one is mainly Tristan and Charley and they show and it is a powerful story. Both are dealing with their pasts, family issues and loyalty and the perception that people have of them because of who they were and are now. Although there are lighthearted moments, it's not a light romance. This couple will stick with me for a while, they're strong, courageous and stubborn. And their romance is a trip well worth taking with them. I've enjoyed every single story in the River's End Ranch series. Trusting Tristan hit my emotions a little bit deeper and I would not hesitate to recommend this story or this series to any Romance reader. I read this title through my Kindle Unlimited subscription.
