Customer Reviews

Speaking for me wasn't what I wanted as I am new to pressure cooking and wanted something for a friendly

The steps of these recipes are not only easy but they are really straightforward that I had absolutely no confusion or trouble in making any of the recipes here. Really useful guide with excellent basic info which a lot of recipe books don't have. I will surely share this book to my friends who are bachelors like me too. This book is a must get!

I enjoyed this book reading as it is worthwhile..... Many recipes are introduced by excellent author....It's great

Awesome recipes and a lot of great advice and ideas. Instant pot pressure cookers are an ideal choice for those of you who are looking to save time. So far this is my favorite of the several Instant Pot recipe books I own. I would like to thank you once again for purchasing this book.
