Letters, Words, And Silly Phrases Handwriting Workbook (Reproducible): Practice Writing In Cursive (Second And Third Grade)

Synopsis

This writing workbook focuses on cursive uppercase and lowercase letters, words, and short phrases. The three traditional horizontal lines are included as a guide - solid top and bottom lines plus a dashed middle line help students master the relative heights of the letters, and to write across the page in straight lines. This workbook begins with practice handwriting cursive uppercase and lowercase letters. Students first trace the letters and then try to write them on their own on a new line. This workbook concludes with practice writing silly words like "rhinophant" and silly phrases like "banana taco." Exercises like these help to make learning fun, whether in the classroom or at home. May your students or children improve their handwriting skills and enjoy reading and writing these letters, words, and silly phrases.

Great for cursive practice!

This is a good workbook if you just need practice. I am teaching Handwriting to my 3rd grader and would prefer instruction with it. Again, great for just practice!

Kids love to practice their handwriting using this product. Very successful for even reluctant writers. Affordable and fun for kids.

great practice and cute worth the money for the practice I was printing these and figured just cheaper to buy this book but I also have copied pages from it as well I do recommend this I got both

print and cursive.

Nice resource since my kiddo is not learning this in school.

Great for kids.
