The Steel Orb: The Anthology (CJS Hayward: The Apocrypha)

Synopsis

This anthology is one volume from C.J.S. Hayward's collected works. It includes an offbeat chain letter parody, a no less whimsical work (although more serious) in which a Church Father comments on a postmodern trend, a solemn farewell to a holiday, a look at all spirituality boiling down to two basic rules, a relatively long short story that looks at what, exactly, can be good about a life filled with pain, a paean of praise about the glory of the Creator reflected in the Creation, a dialogue exploring whether, exactly, time is what a watch measures, and then two closing, connected stories. One is a science fiction short story, and the other a fantasy novella, but they have much in common.

Customer Reviews

Within the Steel Orb is an amazing book by one of the most interesting minds to put pen to paper. The seemingly random qualities of each chapter that jump radically in genre, tone, and development finally culminate in a pair of fantasy tales at the end, where the widely varied path across hills and

valleys of thought and emotion finally all come together in a surprisingly smooth class reunion. This outwardly strange gathering of seeming strangers comes together lovingly with many common roots and histories. The elegance of the last two stories stand on their own, but it is fascinating to see what happened to get there in the author's mind. Ultimately, this is a story of Jonathan's travels in a thoughtscape most of us would envy for its verdant color depth, beautiful vistas, elegant architecture, constellation-filled skies, and warm friendly atmosphere. I remember reading the great books in college and becoming acquainted with the minds of Pascal and so forth. In theory with the current population of the Earth, there should be as many such great minds wandering among us as ever existed. Yet the signal to noise of media drowns all such genius most of the time. Jonathan is a wonderful exception.
