Customer Reviews

Wonderful selection of scripts to use in forming my own scripts for hypnotherapy. Uses a variety of techniques to work with clients presenting with different issues. Not just a conventional series of scripts, and not meant to be read without making them your own for the individual client.

I helped a client with the uncomfortable feelings of Lyme disease using the Healing Scripts in this eBook.

Great scripts. Not a lot of variety, but the information provided is helpful.

great and helpful scripts!

Great material for when you want to obtain ideas.

Good

I was hoping for full scripts with particular inductions, however, most leave you to use your own

induction and I was hoping to expand my "vocabulary". There are interesting scripts for particular problems. Not being an expert, this is only my opinion, but I didn't find them all that creative.

How to and why along with scripts. For anyone contemplating medical hypnosis, this is a great one for pain.
